

SEPARATE TO ELEVATE!

DO NOT MERGE

All commercial businesses **MUST** **SEPARATE RECYCLABLES AND ORGANIC MATERIAL OUT OF THE GARBAGE** and must have **organics** and **recycling** collection services in place.

SEPARATE YOUR TRASH

Visit **StopWaste.org/Rules** to learn about mandatory commercial recycling. The details are available in multiple languages, including Español, 中文, 한국인, and Tiếng Việt

IMPROVE YOUR RECYCLABLES & ORGANICS PROGRAMS TODAY!

HELP US PROVIDE SAFE AND EFFICIENT SERVICE

- Opt for containers that match your needs and ensure a tidy, efficient collection area.
- Make sure container lids close to keep out birds, critters, and rain.
- Make sure the area around containers is clear and accessible for service.
- Schedule additional service when you have overflow, large items, or construction and demolition debris.
- Flatten and/or cut boxes to maximize space in the **recyclables** cart/bin.
- Please remember **no glass, metal, & plastic** in the **organics** cart/bin.

Thank you

THE RETHINK DISPOSABLE TECHNICAL ASSISTANCE PROGRAM

Prevent waste before it starts! By reducing single use disposable packaging, your food service business can:

- conserve resources;
- prevent waste;
- reduce ocean litter;
- increase operational efficiency;
- improve customer satisfaction; and
- save money.

LOOKING AHEAD: NEW BAG RULES IN CALIFORNIA (SB 1053)

Beginning January 1, 2026, California's updated bag law (SB 1053) strengthens waste reduction efforts by eliminating plastic carryout bags at checkout—including thicker "reusable" plastic bags—and encouraging the use of reusable alternatives.

What this means for businesses:

- Plastic carryout bags are no longer allowed at checkout
- Customers are encouraged to bring their own reusable bags
- Businesses may offer recycled paper bags only, with a minimum \$0.10 charge per bag
