TestHound + Pathways™

Your Testing Data Just Got Smarter!

## Introducing The [NEW!] TestHound + Pathways Integration

The TestHound + Pathways integration keeps your student data flowing —so testing and counseling teams can make decisions with confidence.

By syncing the data you're already collecting in TestHound, Pathways provides powerful, real-time insights into EOC eligibility, HB1416 needs, graduation progress, and more.

Smarter data working harder—for everyone on your team.

Help Your Counselors Help Your Students

This integration empowers counselors with the data they need—without asking you to lift a finger:

- Instant access to up-to-date testing info
- Smart student lists for EOC requirements and remediation
- Tools to bridge accountability and student planning

WHAT YOU'LL SEE IN PATHWAYS

- **Real-time EOC eligibility** by student, group, or cohort
- **ACT/SAT monitoring** for accelerated testers
- **Course + test status side-by-side**—no spreadsheets needed
- **Identification & logging** for students needing remediation or alternate assessments

SEAMLESS BY DESIGN

- Secure, automatic sync from TestHound to Pathways
- Powerful, real-time insights
- Built with Texas accountability in mind
