

Evaluation[®]

Need a staff evaluation tool for your **charter** school?

EducationAdvanced.com/Evaluation

Evaluation[®]

You have unique needs and we have the **solution.**

Charter schools have unique structures that require a tailored staff evaluation solution.

Unlike the rigid one-size-fits-all solutions you're used to, Evaluation adapts to your specific needs.

EducationAdvanced.com/Evaluation

Evaluation[®]

But, don't take our word for it...

We're in five different states, each with its unique demands, and many times, vendors promised their solutions would work for us, but they didn't understand the complexity of our structure.

With **Evaluation**, we can easily manage our evaluations, and it's more intuitive for our leaders.

Dr. Meredith Ross

Director of Student Assessment
and Accountability

Evaluation[®]

Customized **rubrics** to fit both in-person and virtual models

Each state has different rubrics and evaluation protocols. We didn't have a way to pull those together into a single, seamless instance for our clients, our teachers, and our administrators.

We've seen an increase in being able to address national trends and we are seeing improvement.
