Equity capital⁴

\$36.8M

¹ March 31, 2018, to June 30, 2025.

² Loan interest and royalty income less amortization income divided by the average of the beginning and end of quarter value of the FMV of loan and royalty investments and related equities, net of expected credit losses, annualized.

³ Realized and Unrealized losses (\$2.8M) as a percentage of total capital deployed (\$105.7M) since March 2018.

⁴ Sum of common and preferred equity.

Forward-Looking Information and Statements

Certain statements herein may be "forward-looking" statements that involve known and unknown risks, uncertainties, and other factors that may cause the actual results, performance, or achievements of Flow or the industry to differ materially from those expressed or implied by such forward-looking statements. Forward-looking statements involve significant risks and uncertainties, should not be read as guarantees of future performance or results, and will not necessarily be accurate indications of whether such results will be achieved. A number of factors could cause actual results to vary significantly from the results discussed in the forward-looking statements. These forward-looking statements reflect current assumptions and expectations regarding future events and operating performance and are made as of the date hereof. Flow assumes no obligation, except as required by law, to update any forward-looking statements to reflect new events or circumstances.

This document provides essential information about Flow Capital Corp. (TSXV: FW) and its debentures. However, it does not encompass all the details necessary for an investor to make a fully informed investment decision regarding the debenture. An offering memorandum is available that contains comprehensive information about the securities discussed herein and has been filed with securities regulatory authorities in each jurisdiction where a distribution has occurred or is planned (the "Offering Memorandum"). You are entitled to receive a copy of the Offering Memorandum at or before the time you sign the agreement to purchase the securities described in this document. It is crucial for investors to thoroughly read the Offering Memorandum, paying particular attention to the risk factors associated with the debenture, prior to making an investment decision. Please note that this document offers key insights into Flow Capital Corp. and its debentures but does not substitute for the detailed disclosures provided in the Offering Memorandum.

The securities described herein are offered on a private placement basis in reliance upon prospectus and registration exemptions under applicable securities legislation. Resale of the securities offered hereby will be subject to restrictions under applicable securities legislation, which will vary depending on the relevant jurisdiction. Generally, such securities may be resold only pursuant to an exemption from the prospectus and registration requirements of applicable securities legislation or pursuant to an exemption order granted by appropriate securities regulatory authorities.

The securities contemplated by this presentation (the "securities") have not been and will not be registered under any United States federal or state securities law and may not be offered and sold in the United States, except that securities may be offered and sold to institutions that are "accredited investors" under the U.S. Securities Act of 1933, as amended (the "U.S. Securities Act") in reliance on the exemption from such registration provided by Rule 506 of Regulation D.

This information does not constitute a general offer to the public of, or the general solicitation from the public of, offers to subscribe or purchase any securities in the United States. The distribution of this information and the offer and sale of securities in certain jurisdictions may be restricted by law. Persons into whose possession this information comes are required to inform themselves about and to observe any such restrictions.
