

Camp estival 2026

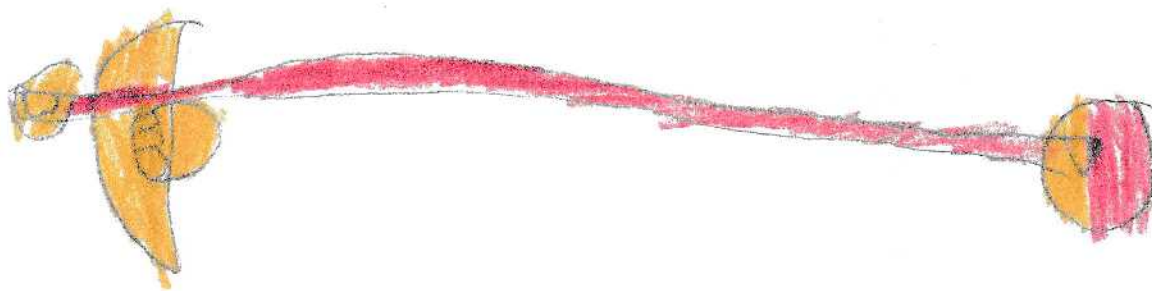

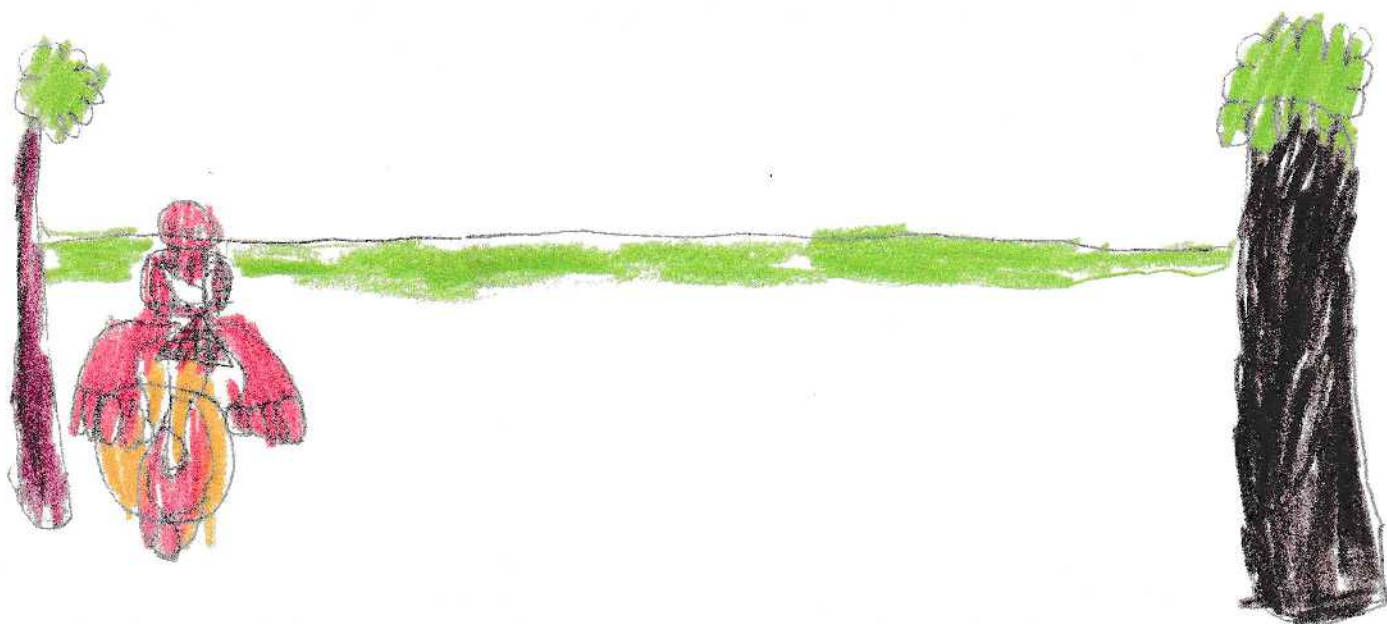

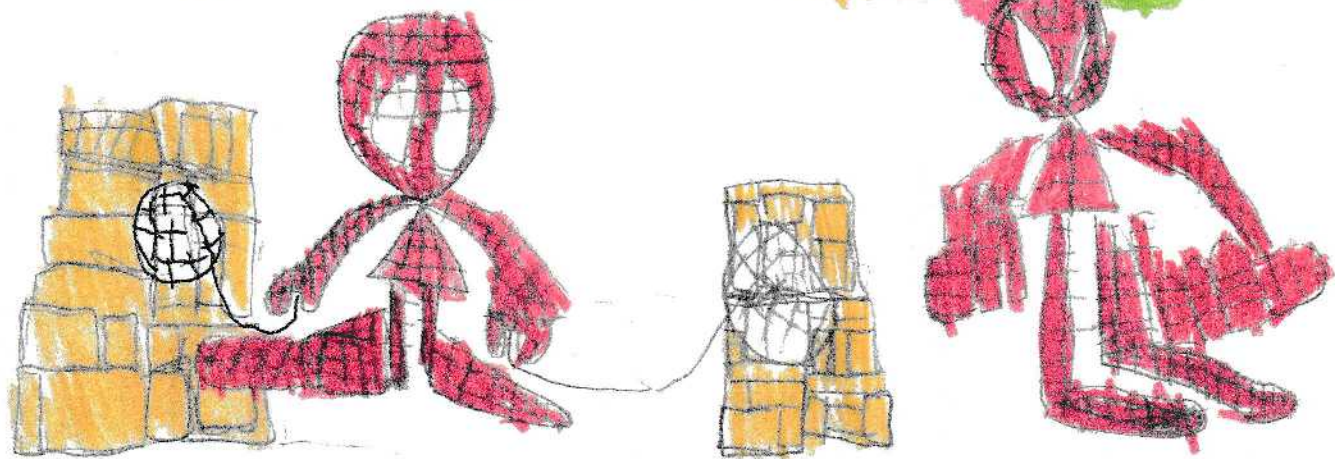

Un projet spécial pour illustrer le bégaiement

Dans le cadre du camp estival 2026, les jeunes étaient invités à créer une bande dessinée de quelques cases pour illustrer leur bégaiement. Durant leur processus créatif, ils ont été encadrés deux bédéistes et adultes qui bégaièrent : Daniele Rossi et Jean-Sébastien Bérubé. Dans un premier temps, Daniele Rossi a présenté un atelier sur la création d'une bande dessinée et les jeunes ont pu imaginer leur personnage. Jean-Sébastien Bérubé a ensuite aidé les jeunes à retravailler leurs illustrations et leurs dialogues, et a répondu à leurs questions.
