4. Appendix

Our Mission 2030 For Universities

2/3 of all European Universities should publicly acknowledge entrepreneurship as their **third pillar**, alongside research and teaching.

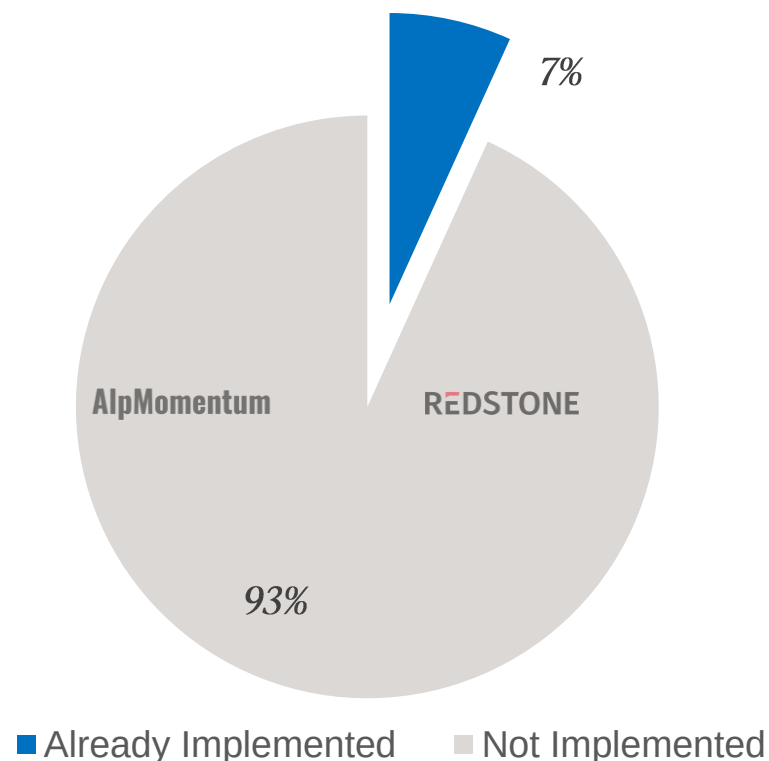

Where Do Universities Stand Today?

We looked at the mission, vision and strategic goals of all the universities in Redstone University Index 2023 to see which of them align with our mission at present.

1. This is not a ranking. The list is sorted alphabetically in ascending order.
2. This is a dynamic list and is meant to be updated regularly.
3. This list only looks at the universities in the 2023 Redstone University Index.
4. Any university not in the original study has **NOT** been analyzed.
5. The data was last collected in September 2024.

Only 7% of European Universities Have Entrepreneurship Implemented As Their 3rd Pillar. (As of September 2024)

31 Out of The 457 Universities
Explicitly Mention Entrepreneurship As A
Core Component Of Their Vision.
