

To: All BMWCCA Trillium Advanced Driving School Participants
From: Les Carter, Trillium Safety Coordinator and Driving Events Committee Chair
Subject: Convertibles

Traditional convertibles, except for those specifically listed below, will no longer be allowed on track at Trillium ADSs for the ADS. Traditional convertibles continue to be welcomed at Trillium ADSs for parade laps and “track walks”.

A convertible is defined as a car with a retractable soft top and/or fully removable hard top.

Any members with convertibles registered for the September and October 2026 Trillium ADSs will receive a full refund if they are not able to bring a non-convertible car.

Trillium is taking this action to protect students and instructors and appreciates that restricting convertibles will be a great disappointment for several of our attendees. Trillium understands and apologizes for this.

Allowable Convertible Configurations:

1. Integrated retractable factory hardtop.
2. Convertible race cars with full roll cages (5+ multi-point harnesses and arm restraints required for every occupant).
3. Factory race cars such as a Radical from Radical Motorsport and Rush SR from Rush Auto Works (5+ multi-point harnesses and arm restraints required for every occupant).

For additional information or to answer questions, please contact Les Carter at 416-676-5647.
