Still Going Strong All These Years

In 1989, the J held its first golf tournament to raise funds for preschool and camp scholarships. What began as a day on the green and a modest fundraiser has spanned into a 37-year legacy that has raised more than two million dollars. These monies are funneled directly back into the community allowing children in the Dallas area access to quality life experiences that only time in preschool or camp can bring. Simply put, a day on the green has turned into lasting smiles on the faces of children and memories they will cherish forever.

Like all of the J's great events, the golf tournament couldn't come together without the passion, dedication, and creative vision of our golf chairs and volunteers. We would like to thank them for all they have done and continue to do for the J and the children.

The J offers its deepest gratitude to our golf tournament chairs from the past years.
