## The Brewery Plastics Heavy Duty Locator Board System

From this  
(3 layers)

To this  
(4 layers)

Low cost multi-trip packaging for transport and long term  
warehouse storage

- ❖ Massively increases trucking vehicle payload – up to 33%
- ❖ Save 33% on warehouse floor space
- ❖ Eliminates pallet purchase and maintenance costs
- ❖ Reduces container damage
- ❖ Reduces vehicle turn round time
- ❖ Significantly improves load safety
- ❖ System reduces manual handling and aids health and safety compliance

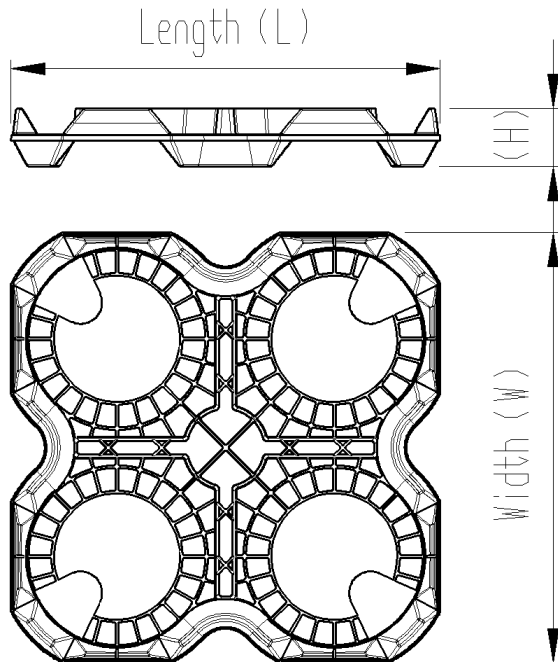

Manufactured from high quality thermoplastic, colour coded and owner branded if required, the heavy duty locator method of construction was developed after consultation with industry representatives. Field trials with a mix of mechanical handling systems plus drop and crush tests have proved the durability of the heavy duty locator to be far in excess of traditional wooden pallets and separators.
