Summary:

Digital communications and multimedia professional with 7+ years of experience creating accessible content, instructional materials, motion graphics, and digital media. Skilled in Adobe Creative Suite, After Effects, Premiere Pro, accessibility compliance, and web content. Experienced supporting UC Berkeley's Disabled Students' Program through content creation, assistive technology, and student services.

Experience:

UC Berkeley Disabled Students' Program

Auxiliary Services Liaison | April 2025 – Present

- Primary contact for students requesting note-taking accommodations.
- Manage student accounts and coordinate note-taking services.
- Create instructional guides, email communications, and website content.

Alternate Media Services Liaison | December 2022 – April 2025

- Coordinated accessible course materials and assistive technology for students and faculty.
- Developed instructional materials and email communications.

Document Accessibility Specialist | July 2019 – December 2022

- Produced accessible course materials for students with print-related disabilities.
- Improved document accessibility using OCR and remediation tools.

ALTONIMBUS ENTERTAINMENT

Video Editor, Multimedia (Volunteer) | September 2025 – October 2025

- Edited promotional, training, and multimedia videos supporting Kumoricon convention marketing and attendee engagement.
- Collaborated with the creative team to produce video content for advertising, social media, and event communications.
- Applied video editing techniques, pacing, transitions, audio, and graphics to create engaging visual content.

Creative Circle

Digital Production Artist (Freelance) | July - August 2022

- Localized digital marketing assets for Amazon Web Services campaigns by adapting multilingual web banner templates.
- Maintained brand consistency while preparing web graphics for international audiences.
