

Export Notice

Version as of February 10, 2026

URBI Gulf FZ-LLC ("URBI") operates in full compliance with the applicable export control, national security, and trade regulations of the **UAE Ministry of Economy** and the **UAE Cyber Security Council**, as well as other competent authorities of the United Arab Emirates.

Access to, use of, transfer of, or provision of URBI software, technologies, geospatial data, analytics tools, APIs, documentation, or other materials available through URBI platforms or website properties may be subject to export control, data transfer, cybersecurity, and national security regulations of the UAE.

Users, clients, partners, and third parties interacting with URBI technologies are responsible for ensuring that their access to and use of URBI Services does not violate any applicable export control, sanctions, licensing, or national security laws of the UAE or any other applicable jurisdiction.

URBI technologies, data, and services must not be:

- transferred, provided, or made available, directly or indirectly, to any person, entity, or jurisdiction where such transfer would violate applicable export control or sanctions laws;
- used in connection with activities prohibited under applicable national security, cybersecurity, or data protection regulations;
- accessed or used in a manner requiring governmental authorization, license, or permit unless such authorization has been duly obtained.

Users are solely responsible for obtaining any approvals, licenses, or permits required under applicable legislation in connection with their use of URBI technologies or data.

If you become aware of any actual or potential violation of export control or national security requirements in connection with URBI Services, you must promptly notify URBI at: **info@urbi.ae**

URBI reserves the right to suspend or restrict access to its Services where required to ensure compliance with applicable export control, cybersecurity, or national security regulations.
