
NIS2 Self-check for Organizations

Does your company fall under the NIS2 Directive?

Instructions: Answer the following questions with **Yes** or **No**. When you're done, you'll see how likely your business is to be affected by NIS2.

1. Does your company operate in the EU or provide services to the EU?

Yes

No

2. Does your company belong to one of the following sectors: energy, transport, banking, financial market infrastructure, healthcare, drinking water/wastewater, digital infrastructure or public sector?

Yes

No

3. Do you offer digital services that are essential to other businesses or public authorities (e.g. cloud services, data centers, online marketplaces, platform services)?

Yes

No

4. Does your company have more than 50 employees or an annual turnover exceeding €10 million or a balance sheet total exceeding €10 million?

Yes

No

5. Is your service critical to the functioning of society or the economy (e.g. energy supply, medical care, financial transactions)?

Yes

No

6. Does your organization have an information security management system (ISMS) or similar security measures?

Yes

No

7. Do you regularly carry out risk analyzes on your digital services?

Yes

No

8. So you have organizational arrangements in place to report security incidents within legal deadlines?

Yes

No

9. Are you taking measures to ensure that the above-mentioned security measures are also taken by your suppliers (including software partners)?

Yes

No

10. Is your company prepared to implement security and reporting obligations in accordance with the requirements of the NIS2 directive?

Yes

No

Score

7-10

Yes answers: Your company is very likely to fall under the NIS2 Directive. You should consider a detailed review and implementation of the requirements.

4-6

Yes answers: Partly affected. Check the sector and service criteria in particular.

0-3

Yes answers: You are probably not directly affected by NIS2. You should still aim to carry out a brief check to rule out any risk.

Note:

This self-check is for first orientation only. For a binding evaluation, we recommend the BSI's official assessment:
