

Automatic Attendance Payments

ClassBank turns the attendance teachers already take into an automatic payment for every student who shows up – a Tier 1 attendance intervention that adds nothing to teachers' plates.

How it works

1. Teachers take attendance

In the system they already use. Nothing changes in their daily routine.

2. Students get paid

Every student marked present receives an automatic payment in their ClassBank account.

3. Leaders see the data

Track schoolwide participation, monitor attendance trends, and identify the students and groups who may need additional support.

Why it matters

- ✓ **No new program to manage.** Attendance stays where it is; ClassBank handles the payments.
- ✓ **Data you can act on.** Track schoolwide participation, monitor trends, and identify who needs more support.
- ✓ **A universal Tier 1 incentive.** Every student has an immediate, tangible reason to show up.
- ✓ **More than a point.** Students save, budget, and spend – attendance becomes financial practice.

Automatic Attendance Payments provide consistent Tier 1 support for every student, so your team can dedicate more attention to individualized Tier 2 and Tier 3 supports.

The practical details

Your systems: Works with any SIS. We'll work directly with your tech team to map your data to our format and get the connection set up, so there's no heavy lift on your end.

Your controls: Administrators set the payment amount for the school. Students can be paid once per day or once per class period – whichever your SIS supports.

Setup: Our team works with your tech team from start to finish – rostering, payment amounts, and teacher onboarding included. Schools are typically fully operational within two weeks.

Privacy: ClassBank is FERPA and COPPA compliant. Student data is encrypted, never sold, and accessible only to authorized school personnel.

“Even our most chronically absent students are showing up. And it's not for their grades. They're coming because of ClassBank.”

Austin Owens · PBIS Coordinator, Independence High School – on ClassBank schoolwide
