

Build Your Schoolwide Economy in 5 Steps

Use this worksheet to capture your team's initial ideas. You don't need to have every answer before getting started.

SCHOOL

TARGET LAUNCH DATE

1 Choose Your Implementation Team

Team lead:

Team members:

What do we want to see improve?

Behavior • attendance • engagement • financial literacy

2 Design Your Starter Economy

EXPECTATION

e.g. Accountable

BONUS TIED TO IT

e.g. Prepared for Class

What might students work toward?

3 Align Your Staff

What will be consistent schoolwide?

Teachers can personalize:

What is the simplest action we'll ask of staff?

4 Launch With Students in Phases

Week 1 launch date:

Store opening date:

Adding student jobs? Y / N When:

Other elements to add later:

5 Review Participation and Adjust

First review date:

Ongoing review cadence:

What we'll look at: participation · bonus usage · reward popularity · staff/student feedback

You won't be starting with a blank page.

This worksheet helps your team capture its initial ideas. When you become a ClassBank school, your dedicated School Success Manager helps turn those ideas into a complete rollout plan.

You'll get recommended bonuses, reward ideas, pricing guidance, staff participation strategies, launch resources, and examples from schools like yours - so you can build on what has already worked instead of figuring everything out from scratch.

Your team brings the goals. We bring the playbook.
