DOMAINE MAURICE SCHOECH

Since 1650, Domaine Maurice SCHOECH has continued a long family tradition of winemaking. Ancestors who were coopers, nurserymen, wine merchants and winemakers passed on their expertise and passion for vines and wine. Situated in the heart of the Alsatian vineyard of Ammerschwihr, the estate is mainly on the hillside and is organically farmed by Sébastien and Jean Léon SCHOECH. Throughout the year, great attention is paid to the work in the vineyard. With a constant focus on optimising quality, the harvest is carried out by hand with limited yields. Each wine from the Domaine Maurice SCHOECH will, in its own way, bring you a unique moment of pleasure.

DOMAINE WUNSCH & MANN

The Mann family has been growing wine here since 1793. In 1948, when the post-war economic situation was difficult, Joseph Wunsch and Joseph Mann founded the Domaine Wunsch & Mann. Today, the 4th generation has taken over the management of the domaine, combining tradition and modernity: Maxime, in charge of vinification and cultivation, and Thierry, in charge of sales. Their wines reflect their personality and philosophy: finding the right balance between respect for tradition and the desire to explore new horizons. As a result, they offer a wide range of wines to accompany both special occasions and everyday pleasures.

Pioneers of organic farming in the Beaujolais region, their wines have been certified since 2006. Jean-Gilles and Christiane Chasselay have been winegrowers since 1981. The Living Legacy of Wine Excellence

For over two thousand years, the Bordeaux vineyard has been shaping the story of wine with a unique signature, blending craftsmanship, innovation, and prestige. CHÂTEAU ROUQUETTE

Château Rouquette is one of the oldest estates and vineyards in Bordeaux. Nestled in the highlands of the Gironde, between the Dordogne and the Garonne rivers, the Château was originally built in 1346 and has written its history through wine ever since.

Destroyed during the siege of Pellegrue in the Hundred Years' War, Château Rouquette was rebuilt in 1756. At that time, the estate was one of the most significant in the region, spanning over 1,000 hectares. Although its size has diminished over the centuries due to inheritance and time, it has preserved both its winemaking tradition and its authentic character.

DOMAINE CHRISTOPHE PATRICE

Originally from Beine, Christophe Patrice has been working on the family estate with his father and uncles since 1996. With a spirit of independence, he created his own vineyard of 5 hectares in 2006. In 2011, he took over the Daniel Roblot estate, which now covers 22 hectares of vines with an average age of 45 years.

Contrary to the practices of the vast majority of Chablis winegrowers, the vines are planted at a low density of 5800 vines per hectare. He also prioritises quality over quantity by practising simple Guyot pruning and limiting the use of phytosanitary products.

Domaine de Perdrycourt is a family estate, created by Arlette and Roger COURTY in 1986, with only 0.5ha of vines. Located in Montigny la Resle, the cellar and vat room are outside the vineyard, fifteen kilometers from Chablis. In 2007, their son Rémi made his first own vinification at the estate, after studying viticulture and oenology in Beaune. This first experience was crowned by obtaining a "Coup de Coeur" in the Guide Hachette, thanks to the Petit Chablis 2007.
