RE: Notice of Data Breach. Please read this entire letter.

Dear Patient:

We are writing to inform you that a Sober Living Oregon Recovery Center LLC DBA Spark Wellness Oregon City discovered a security incident that may have affected the security of your personal information.

Why are we contacting you?	The security incident may have resulted in unauthorized access to your personal information.
What Personal Information Was Involved?	On December 2, 2024, Spark Wellness Oregon City discovered that on November 3, 2025, a staff member inadvertently disclosed email addresses of former patients when emailing those patients about Spark Wellness Oregon City's upcoming alumni meeting. Specifically, the staff member did not use the "bcc" subject field but rather the "to" subject field when sending the email. As such, some former patients' names via email address were disclosed.
What Are We Doing.	In light of the incident, Spark Wellness Oregon City has worked with their internal IT team to make sure that email addresses populate in the "bcc" field when such emails are being sent to large populations of patients or externally from the Company. Additionally, Spark Wellness Oregon City has conducted additional training for all of its staff members to reiterate the importance of protecting personal information.
What You Can Do.	We recommend that you stay vigilant with respect to your personal information and health records and notify us immediately using the contact information in the "For More Information" section, if you have any questions or concerns.
For More Information.	We sincerely regret any inconvenience or concern caused by this incident. If you have further questions or concerns, or if there is anything that we can do to further assist you, please call, or email Executive Director Tanis Hayden at (866) 301-6055 [toll-free] or tanis@sparkwellness.com .

Sincerely,

A handwritten signature in black ink, appearing to read "Tanis Hayden", written in a cursive style.

Tanis Hayden, MA, CADCI, QMHP
Executive Director
