

## **Ask Aria Is Live: Realbotix Lets You Chat with a Hyperrealistic AI Companion**

*Realbotix Launches Online AI Chatbot, Allowing Users to Engage with Proprietary LLM*

**LAS VEGAS, NEVADA, September 04, 2025** - Realbotix Corp. (TSX-V: XBOT) (Frankfurt: 76M0.F) (OTC: XBOTF) ("Realbotix" or the "Company"), a leader in AI-powered humanoid robotics, launches its hyperrealistic AI chatbot, [Ask Aria](#), on its product website, [www.realbotix.com](http://www.realbotix.com). The new feature allows users to engage in advanced, emotionally intelligent voice conversations with a digital version of Aria, Realbotix's flagship AI powered humanoid robot.

The [Ask Aria](#) AI feature gives stakeholders, customers and the public the opportunity to **engage with Realbotix's AI from anywhere on the globe**. Through direct engagement, participants can experience firsthand the AI's ability to offer personalized, emotionally aware interactions.

*Ask Aria* is a sales tool, giving worldwide clients a place to test AI capabilities ahead of purchasing a robot. *Ask Aria* is also multilingual, **users can speak to Aria in 25 different languages**, and she will automatically detect and respond in the same language, making the experience seamless for a global audience. Additionally, interactions with *Ask Aria* will be used to train Realbotix's AI model.

"Offering direct access to our AI on [realbotix.com](http://realbotix.com) is a strategic step that allows potential partners to **evaluate our proprietary language model that is used in our robots**," said Andrew Kiguel, CEO of Realbotix. "The same AI powers all of our hardware, though our platform remains open to third-party AI integrations too."

Kiguel added, “The launch of *Ask Aria* marks a significant milestone in the development of Realbotix’s AI technology,” said Kiguel. “By engaging directly with users and gathering critical data, we can accelerate our efforts to scale the technology across multiple industries, delivering AI solutions that are both commercially viable and socially impactful.”

**Realbotix is using the data collected from *Ask Aria* interactions to optimize the AI’s performance**, improving everything from its emotional responsiveness to the accuracy and fluidity of its conversational abilities. The company is taking a data-driven approach to development, ensuring that every interaction provides meaningful insights into how the AI can be fine-tuned to meet the needs of users across various industries, including healthcare, customer service, and entertainment.

[Ask Aria](#) is just one part of Realbotix’s broader strategy to position itself as a leader in the rapidly growing AI and humanoid robotics market. As AI-driven robots become increasingly integrated into everyday life, the ability to deliver emotionally aware, lifelike interactions is a key differentiator for Realbotix. The company’s focus on emotional intelligence sets it apart from other players in the market, creating unique value for both users and investors.

Realbotix’s Ask Aria is available to enjoy at [www.realbotix.com](http://www.realbotix.com).

## About Realbotix

Realbotix designs and manufactures AI-powered intelligent humanoid robots for **entertainment, customer service, and companionship**.

**Manufactured in the United States**, Realbotix’s patented AI and robotics technologies enable **lifelike expressions, motion, vision, and social engagement**, positioning us as a category leader in the rapidly evolving field of human-centric robotics.
