

Transform Your Business With Tapcheck!

Improve your company's productivity and bottom-line with Tapcheck's Employee Benefits Program. Give your employees financial freedom and control within a single app, allowing them to eliminate financial stress and focus on their job.

It's simple — using Tapcheck enables the following:

Employer Benefits	Employee Benefits
Increase retention and employee motivation — Give the employee benefit that will keep them longer and increase motivation.	Reduce their financial stress and give them greater control over their wages.
Reduce HR expenses with a faster, more efficient hiring process and better candidates.	Give them peace-of-mind knowing they are prepared for an emergency.
Prevent absenteeism — Reduce absent days and distractions by alleviating the stress and worry that comes with financial problems.	Access financial education tools such as articles, courses, and blogs to help them manage their finances.
Increase productivity — Empower your workforce to be focused and able to give their full attention to the work at hand.	Avoid late fees, overdraft charges, and costly payday loans. Save \$1,300 a year and improve credit score for a brighter future.
Increase retention — provide employees with the financial flexibility to improve their quality of life and increase retention.	Allow them to access their paycheck earnings whenever they need them.
Join the elite! Become an employer of choice by offering Earned Wage Access and creating an environment where employees want to work.	Encourage better quality of life by helping them avoid the stress of living paycheck-to-paycheck.

The success of the Tapcheck Employee Benefit Program is directly connected to how many employees are using Tapcheck to access and manage their earnings. So what does this mean for you?
