### **Church Context & Vision**

St Stephen's Redditch is a historic town centre church currently undergoing a season of renewal. The Renewal Project started in 2024 with the church being injected with new vision, strategy, and resources so that it can proclaim the good news of Christ to Redditch with renewed vibrancy. St Stephen's is a part of the New Wine network and stands firmly within the Charismatic evangelical tradition of the Church of England as part of the Diocese of Worcester.

St Stephen's renewed vision is shaped by four key emphases: worship, faith, community, and witness, through which it is hoped that the whole church will be deeply nurtured in their Christian discipleship, equipped, and released to go and make disciples in their local contexts. Coinciding with this is funding from the Church Commissioners for building redevelopment works and salaried staff roles, which will serve the vision and seek to bring it to life. Alongside the clergy, trustees, and wardens, the ministry leadership team will exist to serve the church, model faithful discipleship, cast vision, build teams, raise leaders, and equip the church through gifts of prophecy, evangelism, teaching, pastoral care, and apostolic witness. St Stephen's has a wider remit of partnership and resourcing of the Redditch Mission Area and will seek out opportunities to work in gospel partnership with other local churches.

# **Lightbox**

Lightbox is a collaborative youth mission initiative run by local churches, sharing the light of Jesus by creating welcoming, relational spaces for young people aged 11–18. Lightbox operates across schools and colleges, churches, public spaces, and through events.

## **A Circuit of Lights for Young People**

Lightbox creates a visible and joined-up network of safe spaces across the town, so young people know there are places they belong and people who care for them.

## **Only Together**

Working in partnership with local churches, youth agencies, schools, the local authority, and the police, Lightbox provides supportive connections for young people wherever it pops up – particularly in identified areas of need.

## **Good News**

As the Church, Lightbox exists to share the good news of Jesus Christ, helping bridge the gap between young people and the church, so that they may hear the gospel, encounter God's love, and discover their identity in Him.

## **The Role**

The Lightbox Redditch Lead is a role for someone with a clear passion for and calling to youth mission and evangelism. The postholder will play a key role in establishing, coordinating, and growing Lightbox provision across Redditch, working collaboratively with churches and partners to meet the needs of young people in the town.

The role requires someone who is self-motivated, well-organised, and confident in overseeing teams and projects. The Lightbox Redditch Lead will be able to think strategically in line with the Lightbox vision, while also being hands-on in delivery. They will communicate well with young people and adults alike, using creativity, initiative, and relational skill to engage young people meaningfully.
