## SUSTAINABILITY

The Water Lantern Festival is committed to caring for our environment and protecting precious natural resources. Our lanterns are crafted from sustainable materials such as wood and biodegradable paper, ensuring they are biodegradable and eco-friendly.

After the event, our team carefully retrieves every lantern and removes any litter from the water and surrounding areas. We work hard to leave the Garden even better than we found it. We encourage all guests to join us in this effort by reducing waste, recycling where possible, and respecting the natural beauty of the Garden.
