

ROSEHILL COLLEGE

PRINCIPAL'S MESSAGE

End of Term 3, 2025

Tēnā koutou katoa,

Kei aku nui, kei aku rahi, tēnā koutou katoa i roto i ngā āhuatanga o te wā.

Term 3 has come to a close, and I want to thank you for your continued support and mahi throughout what has been another full and purposeful term here at Rosehill College. We've seen the energy and efforts of our learners, staff and whānau come together with real impact.

Term 3 is always a challenging time for many students. The pressure of internal assessments, cold winter months, and the build-up to NCEA exams can impact energy and motivation. I want to acknowledge the hard work and perseverance of our students and staff in navigating these demands. Your collective commitment has ensured that our students stay on track and are well supported.

This term, we also welcomed our newly elected Board of Trustees and continued to navigate Ministry of Education changes, particularly around NCEA and literacy/numeracy assessments. Your patience and partnership in how we manage these shifts are deeply appreciated.

Our academic leaders did a wonderful job leading and supporting student events, assemblies, and activities. Their presence has been felt across the school, and I acknowledge their contribution with pride.

The second round of Common Assessment Activities (CAA) was completed in Term 3, and students are now preparing for final external assessments while completing remaining internal work. We understand the pressure this places on students, and we're working to ensure they're well-supported and well-prepared. Where tutoring or academic support is offered outside of regular school hours, we strongly encourage whānau to support their child's attendance — these opportunities are vital in helping our students achieve success.

Looking ahead, Term 4 will bring celebrations, prizegivings, and graduation milestones. Our Year 12 and 13 students will be focusing on completing their qualifications in what will be a short and intense final term. Our collective focus remains on supporting their learning and wellbeing.

Term 3 may be over, but our mission remains unchanged. Let's continue to foster an environment where personal excellence, resilience, and connection are central to every day.

We look forward to welcoming everyone back on Mon 6 October 2025.

Ngā manaakitanga,

Davida Suasua

Principal | Tumuaki

Key Reminders for Term 4

NCEA EXTERNAL EXAMS 2026 Course Planning

As we move into the final stretch of the school year, it's crucial that all students sitting NCEA external assessments arrive on time, prepared, and ready to give their best. These exams are an important opportunity for students to show what they've learned — and every assessment counts.

We encourage parents and caregivers to check in with your child about their NCEA progress and preparation. Open conversations at home can make a big difference in helping students stay focused and confident heading into exam season.

For students moving into Years 10–13, now is also the right time to talk about career aspirations, pathways, and future opportunities. Students in Years 9 through 12 have now selected their subject options for 2026, so this is a great time to reflect on the year so far, celebrate progress, and set goals for 2026. We need students to finish the school on a high.

ROSEHILL COLLEGE EXPECTATIONS

Attendance Matters at Rosehill College

As we progress through Term 4, I want to take a moment to emphasise how important school attendance is for student success. Every day your child is at school is a day of learning, connection, and growth — whether they're preparing for NCEA external exams, completing internal assessments, participating in Common Assessment Activities (CAA), or engaging in specialist learning pathways.

I am sharing the attendance data sent to all schools through the Every Day Matters report on attendance trends from the Ministry of Education with whānau because it is important we work together to ensure our students are at school, on time, and ready to learn. Regular attendance is a key factor in achieving academic and personal success.

Why Attendance Matters

The Government has made lifting attendance a national priority, with a target that 80 % of students will attend school more than 90 % of the time by 2030. At Rosehill College, we are committed to this goal and will continue to work alongside whānau to support consistent attendance and engagement.

Term 3, 2025 Attendance Snapshot (Based on EDM Report Data)

46 % of students had regular attendance (90 % or higher), up from 43 % in 2024.

780 students attended regularly — an encouraging improvement.

71 % of students were on time to class — a major increase from 26 % the previous year.

Attendance by Year Level

Year 10 had the strongest attendance with 53 percent in the regular category.

Year 11 had the highest percentage of chronic absence, with 23 % of students attending less than 70 % of the time.

Reasons for Absence

Medical or illness: 55 %

Unexplained or trivial reasons: 22 %

Accepted but unjustified reasons: 9 %

Group Trends

Pacific students had the highest rate of unjustified absences at 49 %.

Female students had the highest rate of chronic absence at 17 %.

A Message to Whānau

When staff contact home about absences or lateness, please know they are simply doing their job — we are not the bad guys. Supporting your child's success. Attendance patterns directly influence student achievement, wellbeing, and engagement. Let's work together to finish the year strong and ensure all students are present, prepared, and ready to achieve their personal excellence.

To help us track and support student attendance, we use KAMAR codes to record the reason for each absence:

P/* Present in class	J Justified / Explained and Approved
L Late to class	M Illness/Medical absence
A Alternative Provision	U Stood Down or Suspended
V Unsupervised Exam Study	T Truant
N Present but out of Class	E Explained but not Approved
Q Board Approved Offsite Learning	G Holiday during Term Time
D Approved External Appointment	? Abenst / Unknown (temporary)
X Exam Leave	

If your child is away, please notify the school as early as possible and ensure a medical certificate is provided if they are away for more than three consecutive days or as requested. You can contact the attendance office via phone, email, or through our school app.

A reminder that students must be signed in and out through the School Office if they are arriving late or leaving during the day. If they are attending a medical appointment, please ensure they bring a medical certificate the following day.

We are also aligning our practices with the Ministry's Stepped Attendance Response (STAR) model, which supports early intervention and strengthens accountability. Our goal is not to punish but to support — ensuring every student has the opportunity to succeed.

Uniform Expectations and Winter Preparedness

As we move into the warmer months, we'd like to remind students and whānau of the importance of wearing the correct Rosehill College uniform — particularly appropriate footwear, as outlined on our website.

Permitted footwear includes:

Black, polishable, low-heeled school shoes
Plain black lace-up or slip-on leather shoes
Plain black leather sandals (only if approved)

Not permitted at school:

Crocs Slippers
Jandals Ugg boots
Slides Colourful trainers

These items are not part of the approved uniform and may be confiscated if worn during school hours. Your support is essential in ensuring students maintain uniform expectations.

Uniform items can be purchased from **The Uniform Shoppe** in Papakura: www.theuniformshoppe.co.nz.

For full uniform guidelines, please visit: <https://www.rosehillcollege.school.nz/join-us/uniform>.

If your whānau requires assistance with uniform costs, you may be eligible for support from **Work and Income New Zealand (WINZ)**. This support can cover school clothing, shoes, and other essential items like stationery.

More information is available at www.workandincome.govt.nz or by calling WINZ directly on **0800 559 009**.

If you would like help navigating this process, please don't hesitate to contact our school office — we're here to support you.

Mobile Phones

Mobile Phone Expectations

A reminder to all students and whānau that mobile phones must be turned off and stored in school bags from the moment students arrive at school until end of the school day 3:10pm.

Mobile phones in classrooms are not only a disruption to learning, but they also take valuable teaching time away from staff, who are forced to manage phone misuse instead of focusing on their core role — teaching.

We kindly ask that you reinforce this message at home. If you need to urgently contact your child during school hours, please phone the main office — we will ensure your message is passed on.

🚫 Ongoing breaches of this expectation may result in disciplinary action.

Important: Behaviour Towards Office Staff

There has been a concerning increase in incidents where front office staff have been verbally abused by whānau following the confiscation of a student's phone or other items. Please be reminded:

- ➔ Office/admin staff do not make the decision to confiscate items.
- ➔ They are simply carrying out the procedures set by school leadership and supporting staff.

We will not tolerate abuse of any staff members. We ask that all whānau engage respectfully when communicating with school personnel. If you have concerns, these should be directed to the appropriate Deputy Principal or a member of the Senior Leadership Team.

Your understanding and cooperation are appreciated as we work together to maintain a safe and respectful environment for everyone.

Vaping and Student Safety

We remind all students and whānau that vaping and the possession of vaping devices are not permitted at school. Any student found with these items will face disciplinary consequences. We encourage whānau to check school bags regularly and have honest conversations about the health and behavioural risks associated with vaping.

Care for Our Property

Please support us by reminding your child of the importance of respecting our school environment. The Board has invested significantly to ensure that our classrooms and facilities are warm, ventilated, and comfortable spaces for learning.

Unfortunately, we have recently caught a number of students vandalising our school toilets. Some of the behaviours displayed have been, quite frankly, disgusting and completely unacceptable. These actions not only damage our shared spaces but also create health and safety issues for others.

Vandalism of any kind — whether to toilets, walls, or classroom equipment — will be taken seriously and followed up with appropriate disciplinary action. We ask all whānau to have conversations at home about respecting school property and taking pride in our learning environment.

School Transport

There has been a change to the bus routes. Please refer to the school website for the most up-to-date information on this and other school transport arrangements.

Social Media and Online Behaviour

As we move into Term 4, we continue to see the significant impact that social media can have on the wellbeing and safety of our students. Platforms like Instagram, TikTok, and Snapchat are powerful tools for creativity and connection — but when misused, they can quickly become sources of harm.

In Term 3, we dealt with a number of serious incidents involving:

- Bullying and harassment online
- The unauthorised filming or photographing of students and staff
- Harmful content being shared, including videos designed to ridicule or provoke

Much of this behaviour happens outside school hours, yet it spills into the school environment, affecting relationships, learning, and overall school culture. Let us be clear: bullying and harassment — whether online or offline — will not be tolerated.

What Whānau Can Do

While we continue to manage issues that arise at school, we need the support of whānau at home to monitor and guide social media use. We ask all parents and caregivers to:

- Monitor your child's online activity regularly
- Have open conversations about respectful digital behaviour
- Reinforce that sharing harmful content is never okay
- Remind them that school expectations extend into online spaces

If you're not sure how to support your child in this space, Netsafe offers helpful advice for parents and caregivers on how to deal with cyberbullying, privacy, and online harm:

Our Commitment

Rosehill College will continue to investigate and act on all reports of online bullying, including through appropriate disciplinary actions and restorative processes where needed. However, our reach is limited when the behaviour occurs outside of school hours or on personal devices. This is why working together with whānau is crucial.

By building shared expectations at home and school, we can ensure that Rosehill students are learning how to be safe, kind, and responsible — both in person and online.
