## EISZAUBER LUCERNE

Since 2024, Eiszauber Lucerne has transformed Europaplatz into a sparkling winter wonderland. Where everyday life usually pulses, an ice rink now shimmers right by the lake, framed by the impressive mountain panorama. Here, young and old glide across the ice, try their first pirouettes – or simply let themselves be carried away by the magic of the lights.

Those seeking warmth afterwards will find it in the Zauber-Chalet, where the aroma of melted cheese, savoury fondue and crusty bread fills the air. On weekends, freshly baked cake and coffee invite you to linger a little longer.

And since winter also means music, live acts on stage create just the right atmosphere. Especially around the holidays and on New Year's Eve, the chalet becomes even more festive – with exclusive menus, music, dancing and toasting together beneath the winter night sky.

Eiszauber Lucerne is more than just a place – it's an experience full of warmth, flavour and unforgettable moments.
