## **TERMS & CONDITIONS**

The following Terms and Conditions constitute the entire agreement between the parties and supersede any previous agreements, warranties, or undertakings between the parties and may not be varied except in writing.

1. Standard building requires a 10% **non-returnable** deposit, with the balance payable by cash or bank transfer/building society cheque on delivery.
2. Non-standard custom-built buildings require a 20% **non-returnable** deposit, with the balance payable by cash or bank transfer / building society cheque on delivery.
3. We can deliver self-assembly sheds locally for a small charge.
4. If you require the shed to be carried any distance (i.e. to the rear of the property), an additional charge will be made, as this service requires two delivery people. We would need to know this before delivery.
5. If we erect your new shed, we require a firm and level base with approximately 15' working area around the base.
6. Information regarding planning permission is provided in good faith. Bulldog Sheds & Fencing takes no responsibility for customer planning issues. It is the customer's responsibility to check with the Local Authorities if in doubt.

If the base is unsuitable for us to erect your new shed on, then the building would have to be paid for in full, less the erecting charge. The base will then have to be prepared in one of the following ways:

- By the customer, we would then return to the site and erect the building. A subsequent return charge will be made, + the erecting charge.
- We would prepare the base at an additional cost at the time if it were possible.
- The customer could prepare the base and erect the building themselves.

### **Payment is due upon supply of goods and / or completion of work.**

All goods remain the property of Bulldog Sheds & Fencing until payment is received in full and discharged all other debts owing to the seller.

If the Buyer becomes subject to insolvency and/or the Work has not been paid for in full, the seller may take the goods back and, if necessary, enter the buyer's premises to do so or to inspect and/or label the goods to identify them clearly

Timber products supplied by Bulldog are not guaranteed against extreme weather conditions as wood is a natural material; it is liable to warp, split, twist, shrink & some knots may fall out. Products can only be considered for replacement if they have a manufacturing fault.
