30th November - 4th December 2026

PRE-RECORDED WEBINAR GUIDE

Hosting a Pre-recorded Webinar

A pre-recorded webinar is an online event you record ahead of time, built around a clear agenda and objective. During Africa Evidence Week 2026, the AEN publishes it on its platforms so audiences in every time zone can watch it during the Week and afterwards.

Webinars bring diverse views and voices to the decisions being made in Africa. We welcome webinars on any facet of the evidence ecosystem, especially those showcasing Africa's expertise, innovation and decision-makers' efforts in evidence-informed decision-making (EIDM).

- **Promotion** through your own networks. The AEN also promotes every listed webinar as part of the Week.
