DATADOG QUICKSTART WORKSHOP

RapDev has helped multiple customers to adopt the Datadog platform to its fullest extent. Our services range from helping customers get started through a small workshop to multiple-phased deployments, including full-stack observability across APM, Logging and Infrastructure Monitoring.

Our team's tenured experience in the Monitoring and DevOps ecosystem has allowed us to help organizations accelerate their adoption of the Datadog platform, bringing business and engineering visibility at all levels.

GOLD DATADOG PARTNER

DATADOG QUICKSTART & ADVISORY WORKSHOP INCLUDES A TWO-DAY ON-SITE WORKSHOP, WHICH COVERS:

- Best practice platform implementation
- Tagging strategies
- Setting up Dashboards and Monitors
- Implementing WatchDog best practices
- Building custom or agent checks
- Using OOTB integrations to third-party platforms such as MS Teams, ServiceNow, PagerDuty, etc.
- Implementation of APM, Logging or Infrastructure Monitoring

30-day access to the RapDev.io Slack channel for instant responses to any Datadog questions

Three-month free trial of the Datadog SNMP Autodiscovery integration from the Marketplace

> The RapDev "team is a major part of our success on the Datadog platform. Their knowledge and experience has helped us align our goals and accelerate delivering solutions that are important to us.
>
> *– Datto, CIO*

> RapDev did an amazing job implementing our critical monitoring on Datadog, which has given us much better visibility to our mission critical application landscape. They also did a great job partnering with our team to ensure we had the skills to sustain and build additional capabilities internally. Overall the experience exceeded my expectations!
