WHY CHOOSE US?

Boarding is in our DNA

Generations of families have chosen boarding at Kinross Wolaroi for their children. The majority of the school's boarders are from rural families from across regional and remote New South Wales, where for many there are limited schooling options in their home communities.

Boarding regionally at Kinross Wolaroi School is increasingly being considered as a strong option that keeps kids grounded and connected to family without missing out on the opportunities of attending a respected independent school.

Country Boarding for City Kids

In today's fast-paced world, many metropolitan families are discovering the unique benefits that boarding school can offer, both socially and academically. Boarding provides opportunities that can be hard to replicate at home, creating a more relaxed and stress-free environment for children.

At Kinross Wolaroi School, students enjoy a country lifestyle that is free from the pressures of long city commutes. This means more time for study, extracurricular activities, and personal growth. Our boarders live on campus, using their time wisely to engage in a variety of enriching activities.

Parents often seek a broader perspective for their children, wanting them to understand that Australia extends far beyond the edges of Sydney.

Boarding & Personal Growth

Our families relish the boarding extras that many would be hard-pressed to match at home – supported homework study, a busy weekend activity program, strong wellbeing programs and opportunities to develop friendships that will last a lifetime. Even homesickness is increasingly a thing of the past, with mobile phones and wifi connected boarding houses ensuring plenty of contact with families.

Boarding life helps students to develop a strong sense of self. Research has shown that boarding sets up students with the independence and confidence to really thrive when they enter university or the workplace.

A Leader in Co-education

As a leader in coeducation for fifty years, the school enrolls a balanced number of boy and girl boarders. Our students learn to appreciate their own unique value as well as that of their peers, laying the groundwork for building respectful and meaningful relationships in the future.

For families, our co-educational environment offers the convenience of a 'one-stop-shop' where all children can attend together, simplifying family logistics.

Boarding at Kinross Wolaroi School helps students step out of their comfort zones, fostering resilience, independence, and character development. This invaluable experience prepares them for a successful and well-rounded future.
