Insurance Products for Today and Beyond

With technical underwriting expertise in autonomous capabilities, battery technologies, and next generation infrastructure and machinery, ATA is a global leader in insurance products for the aerospace, defence, energy, transportation, and technology sectors. ATA's insurance products protect and enable the growth of industries that shape the future.

ATA enables adoption of advanced technologies

Advanced Technology Assurance Limited (ATA) is a global insurance powerhouse for advanced technologies. ATA's team of highly technical underwriters handle advanced technology risks in a remarkably straightforward way. Backed by rock-solid financial strength, ATA offers fit-for-purpose insurance products that protect and enable the growth of industries that shape the future.

ATA offers a full spectrum of insurance

ATA's edge is developing specialty insurance products for advanced technologies in high-growth segments of sectors forming the backbone of the global economy: aerospace, defence, energy, industrial, transportation, and technology. ATA is committed to supporting industrial transformation, electrification, automation, and computing at scale—enabling a smarter, more sustainable world.
