

Web Notice

Reissuance of Sample Import License (SIL) - Medical Devices

Applications for the reissuance of a Sample Import License (SIL) will be considered under the following instances:

Applicable instances:

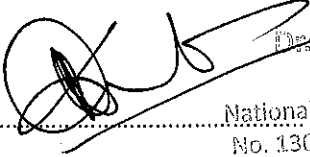

- Expiry of the SIL prior to the importation of samples for clinical evaluation
- Requirement of additional samples as requested by the relevant clinical evaluation panel

Applications submitted under the above circumstances must be accompanied by the following mandatory documents:

Mandatory documents:

- Duly completed Application (Schedule IV / Form C)
- A formal request letter for issuance of a new SIL
- Evidence for the request made by NMRA for samples/additional samples for clinical evaluation (e.g., copy of email)
- A letter from Sri Lanka Customs confirming whether the specified product has or has not been imported into Sri Lanka
- A copy of the previously issued SIL

Please note that submission of all mandatory documents is required. The authority may request additional documents where necessary.
