August figures restated using the same verified Activity Log methodology as September for an apples-to-apples comparison.

YEAR-TO-DATE CASE VOLUME

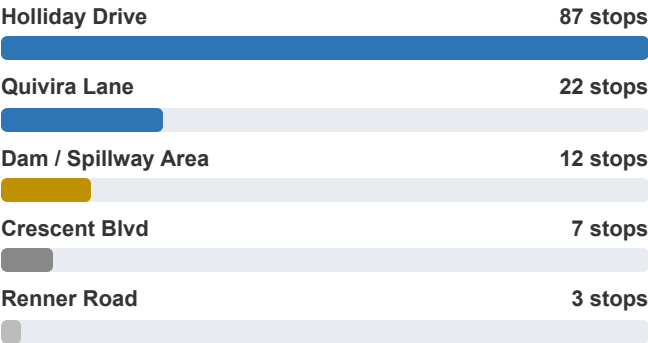

2026 is on pace for approximately 119 cases by year end, consistent with the enforcement-focused patrol posture adopted since August.

SEPTEMBER 2026 CASE TYPES

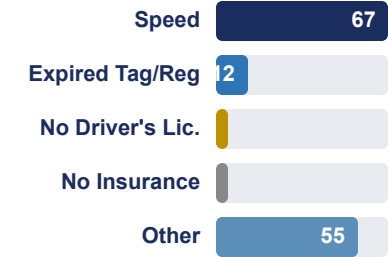

TOP ENFORCEMENT CORRIDORS — SEPTEMBER 2026

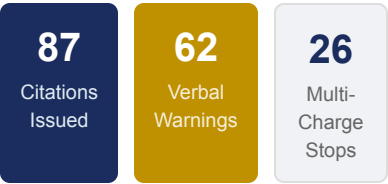

Holliday Drive accounted for 63% of all traffic stops in September 2026, up from 53% in August. This corridor should remain the primary focus of directed traffic patrol.

TRAFFIC ENFORCEMENT DETAIL

CHARGE TYPE BREAKDOWN

Speed was the leading charge type. "Other" includes equipment violations, window tint, wireless device use, and stop-sign violations.

MULTI-CHARGE STOPS

26

MULTI-CHARGE STOPS

19% of all traffic stops

A multi-charge stop occurs when a primary violation results in one or more additional charges (e.g., speed plus expired registration, or no driver's license plus no insurance).

139 Total Traffic Stops | 87 Citations | 62 Warnings

Traffic stop volume up 81% over August and 196% over September 2025, reflecting sustained directed enforcement on Holliday Drive.

CHIEF'S SUMMARY

September 2026 Assessment

September 2026 saw a shift in enforcement focus. Case volume declined 28% from September 2025 and 19% from August, while arrests remained elevated at 57% above September 2025 levels. Traffic enforcement drove the month's activity: 87 citations and 62 warnings were issued for 149 total contacts, an 81% increase in citations over August and a 211% increase over September 2025. This enforcement push is supported by the department's participation in the State of Kansas STEP (Special Traffic Enforcement Program) Grant, which funds directed patrol focused on traffic safety.

Holliday Drive remained the department's primary enforcement corridor, accounting for 63% of all traffic stops, up from 53% in August. Nineteen percent of stops produced multiple charges, consistent with August's rate, indicating that the increase in volume reflects sustained directed patrol rather than a change in stop quality.

Deputy Chief Trevino led all officers with 37 citations and 31 warnings. Chief Owens and Lt. French maintained consistent enforcement activity alongside their case work. The part-time officer roster (Officers Reese and Kasselman) contributed supplemental coverage.
