Our Website

Let's show you where to find our class page. You may also see updates on Facebook and the weekly newsletter. We will also show you where to find resources for Dual Coding.

Accelerated Reader @ Leigham Primary

- Star assessment calculates ZPD
- An adaptive test that reacts to the children's previous responses
- Children can then use their ZPD to choose books from our school library/myOn
- Quizzes are completed in school and are independent
- It is not a memory test, so they can skim their books to locate information
- Quizzes use multi-choice questions
- Children will repeat their star assessment four times during an academic year (Autumn, Christmas, Spring and Summer)
- Children can choose within their range (2.4 – 3.4) but are encouraged to start at the lower range so ensure they are achieving success

myOn

myON is a personalized digital library providing students access to thousands of age-appropriate digital books, news articles, and other texts, matched to their interests and reading level.

- Children can access myOn **at home** but will quiz independently in school
