

English

This term, we are using climate change as our stimulus for writing.

Can you visit local parks and make a note of any litter pollution you can see? You may also want to take photos of this to use in your Published Write.

Science

We will be learning all about properties of materials.

Investigate if different foods dissolve in water.

DT

We will be learning about textiles (sewing).

Please practise your sewing skills by learning different stitches (follow the link below).

<https://www.youtube.com/watch?v=EU5GR4EE4XY>

PSHE

Our focus is all about our dreams and goals for life.

Can you think of something you would like to improve or learn this year and write steps to achieve this goal?

Year 5 Spring 1 Climate Change

Here are some activities that you might like to do at home.
You can bring in your learning on 12/02/26

PE

We will be learning about football.

Create your own football drill.

Make sure you are practising one

of the key football skills e.g. passing.

Music

In music, we will be learning all about the Blues style. Using the online piano, practise the chords which you have been learning in our lessons.

<https://www.musicca.com/piano>

Maths

This term we will be looking at multiplication and division.

Use the link below to play a game which helps you practise your times tables.

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Geography

We are learning about climate change.

Can you create a climate change poster to display in the classroom?
