

We will be writing persuasive adverts.

English

Create an advert for your dream house. What makes it unique? Why would somebody want to stay there?

Science

We will be learning about changes in humans into old age. Recreate our memory experiment at home with members of your family of different ages.

Compare the data- how does memory change as we get older?

DT

We are going to be using electronics to design a health and safety device to use on the Moors. Design and create a safety device for someone visiting the beach over the Summer.

P.S.H.E

We will be learning about relationships and safety within online communities. Create a diary of how much time you spend on digital devices over the course of a week.

Year 5 Summer 1 National Parks

Here are some activities that you might like to do at home.
You can bring in your learning throughout the term.

PE

Strength and fitness are crucial in athletics. Create your own warm-up to raise your heart rate and boost your fitness. These can be shared in PE.

French

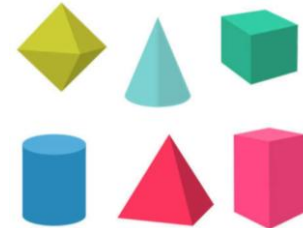

We will be learning about the different rooms in our home.

In French, could you write a list of the rooms you have in your house?

Maths

We will be learning about shape. Can you build your dream house using household objects? You must be able to identify the 3D shapes you've incorporated.

Geography

We are learning about the importance of National Parks and being outdoors. Discover this for yourself by spending extra time outside.
