

I am a veteran of more than 125 visual effects projects, including movies, television shows, commercials, and motion rides, and have worked for some of the most respected companies in the industry. My diverse experiences have helped me balance development in all four areas and I am always looking for challenging projects to continue that growth.

I was nominated for an **Emmy** in *Best Supporting Visual Effects* for the Amazon series **11.22.63** and in *Outstanding Special Visual Effects In A Season Or A Movie* for the Disney+ series **The Falcon and the Winter Soldier**. I served two terms on the *Television Academy's Visual Effect Peer Group Executive Committee* and am a member of the **DGA**.
