Every student deserves to start their day nourished with the food they need to participate at school. This is where Halton Food for Thought comes in, as the sole provider of Student Nutrition Programs in Halton we provide access to nutritious food for over 96,000 students daily during the school year.

Our work is accomplished in partnership with the community and our 157 Halton schools - and growing! We deliver our programs in a universal manner to nourish students through their elementary and secondary studies at no cost to them or their families. We want to ensure every student has the access to the nourishment their body needs.

Halton Food for Thought is working towards a Halton region where all students have access to a Student Nutrition Program at their school and we need your help. Will you join us as a sponsor for our annual Breakfast Bash fundraiser?

On Tuesday, May 12, 2026, Halton Food for Thought is welcoming our community to the Oakville Conference Centre for the Breakfast Bash. This fundraiser helps us raise the funding required to ensure our Student Nutrition Programs remain strong and sustainable. This is a unique opportunity to connect with over 450 Halton community residents at one time, including parents, teachers, local businesses, and community leaders.

By partnering with us, you can showcase your products and services, increase your brand exposure, and build relationships within the Halton community.

This year's fundraising goal is to raise \$100,000 to support Student Nutrition Programs in Halton. Achieving that target will help ensure over 96,000 students across Halton in 157 schools continue to have access to healthy, nutritious food at school.
