**Thank you FinanceMalta for the donation of €5,000 to YMCA Malta**

**Receipt number :0613-21**

We wish to express our gratitude and appreciation for your generous donation, that will increase our capacity to give hope to more individuals and families who need our help. The continuous support of organizations, individuals, and companies will determine the success, or otherwise, of our reach out to those individuals and families who find it difficult to make ends meet. YMCA is a non-government and voluntary organization that relies on fundraising, charity, and donations in order to continue giving its service to the homeless community and youths in Malta. If it is not for the good-hearted benefactors/organizations like yourselves, who present us with hope, we would not be able to continue striving forward towards the creation of a more just society. Your donation is invaluable and will assist us to change lives for the better.

Thank you once again for your generous support !!

Best regards
