

BOND & GRACE

LITERARY LIFESTYLE

NOW THE STORY IS YOURS TO TELL...

Bond & Grace is a women-owned literary lifestyle brand. We create gifts, conversations, and experiences that bring literature into everyday life.

We curate collectible, oversized editions of classic novels alongside bespoke fine art collections. With each title, we release an assortment of home decor, stationery, tabletop, and literary accessories, all inspired by our love of storytelling.

Made by and for thoughtful hosts and excellent gifters, all Bond & Grace items are made artfully, intentionally, and with the people you love in mind.

A World of Its Own

No two reading experiences are alike, so our Art Novels contain something for everyone. Scholarly annotations provide context and analysis to deepen your appreciation of the author and their work, while bespoke original artworks visualize the novel's themes in vivid color.

It was all very well to say "Drink me," but the wise little Alice was not going to do that in a hurry. "No, I'll look first," she said, "and see whether it's marked 'poison' or not"; for she had read several nice little histories about children who had got burnt, and eaten up by wild beasts and other unpleasant things, all because they *would* not remember the simple rules which their friends had taught them: such as, that a red-hot poker will burn you if you hold it too long; and that if you cut your finger *very* deeply with a knife, it usually bleeds; and she had never forgotten that, if you drink much from a bottle marked "poison," it is almost certain to disagree with you, sooner or later.

However, the bottle was *not* marked "poison," so Alice ventured to taste it, and finding it very nice, (it had, in fact, a sort of mixed flavour of cherry-tart, custard, pine-apple, and toffee, and hot buttered toast,) she very soon finished it off.

"What a curious feeling!" said Alice; "I must be shutting up like a telescope."

And so it indeed: she was now *only ten inches high*, and her face brightened up at the thought that she was now just the right size for going through the little door into that lovely garden. For, however, she waited a few minutes to see if she was going to shrink any further: she felt all right about that; "for it might end, you know," said Alice to herself, "in my going out altogether, like a candle. I wonder what I should be like then?" And she tried to fancy what the top of a candle is like after the candle is blown out, for she could not remember ever having seen such a thing.

After a while, finding that nothing more happened, she decided on going into the garden at once; but, alas for poor Alice! when she got to the door, she found she had forgotten the little golden key, and when she went back to the table for it, she found she could not possibly reach it: she could see it quite plainly through the glass, and she tried her best to climb up one of the legs of the table, but it was too slippery; and when she had tired herself out with trying, the poor little girl sat down and cried.

There are 12 references to Alice's changing body size in the book, a theme Carroll also explores in many of his poems. He often wrote letters to his "child-friends" asking them not to grow. He sought "littleness" in the girls he photographed, most of whom were in the single-digit age. Alice's transformations are key to the story but are also significant to Carroll's understanding of Victorian social norms and his ability to remain in Alice Liddell's world. Alice, too, struggles to stop her growth, fighting the room as it closes in around her.

That Girl Is Poison
Ariel Williams
Oil Paint on Wood Panel

When there is no poison label on the "DRINK ME" bottle, Alice naively drinks its mysterious contents. This visual interpretation of warning signs meditates on the subtle dangers of Wonderland and Alice's propensity to follow directions. The belladonna plant indicates the danger hidden within an unassuming teacup while the mushrooms indicate that there is more happening than can be seen. Like Alice, the white butterfly represents an innocent and curious soul unaware of the danger below as it drinks the mysterious liquid.

HOW TO STYLE

Stacks of Books
Style Bond & Grace products with stacks of vintage books to provide height with a bookish ambiance.

Elevate Your Reads
Silk twilly scarves can be tied on Art Novels or books.

P.S.— Try tying on a ceramic bust or mannequins!

Book Tree (with a Bow on Top)
Stack vintage books open-face-down to resemble a Christmas tree, then top off with a Twilly.

A Work of Art with Ribbons
Each sheet in our Gift Wrap & Creative Papers Books carry a story and artwork.

From Our Customers

“I truly can’t say enough good things about Bond & Grace linens. We’re consistently impressed by the brand’s exceptional quality and distinctive style. If these linens came in a million colors, we’d want them all.”

—Kellen Ledford, Store Manager, Fieldshop by Garden & Gun

“As a woman working in the book industry, it’s a genuine pleasure to come across a treasure like Bond & Grace. A publishing house run by women is not something you find every day in our world. Their books are thoughtful, scholarly, and absolutely stunning to behold. I consider them to be investment pieces, to be passed down from one generation to the next.”

—Sarah Goldstein, Book Collector

“The Art Novel marries the appeal and beauty of a coffee table book with the joy of reading classic literature.”

—Veranda Magazine

“I received the Frankenstein Art Novel as a housewarming gift and it makes for a unique focal point and conversation starter within my home. Between the original art, striking design details, and caring craftsmanship—I’ve never received a gift quite like it!”

—Audrey H.
