Celebrating & Strengthening Families

We believe every family deserves to be seen, supported, and celebrated—and that when families are strengthened, communities are empowered and shine brighter.

OUR MISSION

We believe celebration is essential. Through the **Three B's — Birthdays, Babies, and Basics** — Beverly's PGH celebrates and strengthens families by providing essential items and joyful experiences that meet needs, build connection, and spark lasting hope.

Our work is grounded in the **'science of celebration'** — the understanding that joy, recognition, and human connection improve health and strengthen resilience — while supporting families' social determinants of health needs.

Annually, we serve more than **30,000 children and families** across Southwestern PA and equip over 150 community partners with the resources they need to better support those they serve.

The 'science of celebration' shows that joy and connection build stronger communities!

OUR PROGRAMS

Beverly's PGH supports children and families across Southwestern Pennsylvania through both direct service and strong regional partnerships.

We work alongside social service agencies, child welfare organizations, family centers, maternal and child health programs, behavioral health providers, shelters and transitional housing programs, and other community-based partners to ensure families have access to essentials, connection, and celebration.

Many of the families we serve are led by resilient parents and caregivers—often single mothers—who are creating brighter, more joyful futures for their children.

The **Three B's: Birthdays, Babies, and Basics**

BIRTHDAYS

We create joyful moments of recognition and belonging through birthday gifts, parties, and classroom celebration kits—helping every child feel seen, valued, and celebrated.

BABIES

We support families during the perinatal period through free community baby showers, critical baby care items, the Greater Pittsburgh Infant Formula Bank, lactation support, and resource connection—helping parents and babies feel nourished, cared for, and supported.

BASICS

We help stabilize families by providing essential household, hygiene, and clothing items, and we uplift families through recognition and encouragement. Whether it's a Basics Boutique visit, a foster-care resource bag, or a Milestone celebration for Allegheny County CYF youth, the division ensures families experience dignity, pride, and belonging during life's most vulnerable moments.
