Autumn Bulletin 2025

Inside: some of our dogs, cats & rabbits in need of homes

Tula

We love to receive updates on how your KWT adoptees are getting on in their new homes and in this edition our spotlight is on Tula.

Tula was featured in our last Bulletin as looking for a forever home. In June of this year Tula met, and found her special people, in Helen and Gari. It was all set to be an island life for her.

Helen tells us in her update:

"Just to let you know Tula settled in within half an hour of arriving in Jersey. She has been amazing. We cannot believe how good she has been so far. She is affection, playful, friendly to everyone she meets. She's obedient, sleeps and eats well, loves to play with her toys and just adores playing ball."

We have taken her on lead walks around the lanes and will take her down to the beach for a walk soon. We are thrilled to have her. She dug up one of my plants but I was gardening at the time so I think she thought she was helping!

Since last writing Tula is having some lovely off lead walks on the beach and is loving playing with the grandchildren. Her only vice is she can get bossy with visiting dogs to the house but she is learning to behave. We adore her and cannot quite believe our luck!"

It seems Tula really has landed on her paws!

Cat CHAT

It seems year on year we are inundated with an influx of unwanted cats and kittens. This year has been no different and has been particularly busy with pregnant cats coming in to give birth at the Centre. Some are arriving to our care having already given birth, all this along with requests for us to take in unwanted cats and strays. We cannot stress enough how important it is for people to neuter their cats. Kittens can become fertile from as young as 4-6 months of age! All of our cats are neutered before being rehomed to stop the cycle of more unwanted cats and kittens.

Some of our kittens are ready and looking for new homes. We also have young cats, mature cats and senior cats all looking for their forever homes. If you feel you could offer a home to any of our felines please do get in touch to register and we will proceed from there.

Special Appeal

Callie

Counting the days ...

Sweet Callie is still patiently waiting for her forever home. She has now spent more than 780 days in our kennels. Despite constantly promoting her for a home, very few homes have been offered and sadly the ones that were offered didn't suit her needs.

Callie is a 2 ½ year old, very energetic and active Lab x Lurcher spayed female. She loves to play with other dogs especially if they are a similar energy level. Sadly, Callie has had an unsettled start in life, having had several homes. Therefore, she is in desperate need of a stable home that is willing to commit time to training with structure. She can sometimes be wary of strangers approaching but Callie is very loyal and loving and has a fun personality.

Cole

We are looking for a special home for this large fluffball of a cat. He is a very chilled out 4 year old, long haired neutered male. He came into our care as a stray with poor eyes, upon closer inspection it became apparent that he was suffering with ingrowing eyelashes which must have been so painful for him.

Now the ingrowing eyelashes have been removed he is ready for the next chapter of his life in a home of his own where he can give love, be loved and of course continue his chilling out.

Some of our *cats* looking for homes

All neutered, vaccinated & microchipped.

Seth

3 year old male. He can be a little shy at first meet but with his inquisitive nature he soon comes round. He can be the only cat in the household or is happy with the company of other cats.

Padma

Approx. 2 years old female. Padma came into our care as an extremely nervous stray and could often be found hiding under her blanket. With time and patience from our cat team she has blossomed into such a sweet little cat and now loves the attention. She enjoys a Dreamy but adores a Lick-e-Lix treat more.

Kizzy

7 year old female. Kizzy can be quite shy until she gets to know you. She is such a beautiful cat.

Maggie

An experienced cat home is required for Maggie. She is a very independent but inquisitive lady and likes everything on her terms, even attention. She can be a little temperamental at times, this could be linked to her frustration at only ever having been an indoor cat and her freedom to explore curtailed.

Drago & Roo

3 year old males. Drago is a lovely cat with a friendly personality. He has bonded with his cattery mate Roo, and they are inseparable, so we are looking for them to be homed together. Roo can be a little shy until he gets to know you.

Some of our *dogs* looking for homes

Princess

1 year old, spayed female crossbred.

Princess is very active. This young girl is full of energy and is looking for an equally active home. She is very affectionate, loving and eager to please, but needs to channel her energy, therefore will need training to control her bounce! Given time Princess will bring so much joy, fun and love into her new family's life.

Beano

4 year old, neutered male French Bulldog.

This handsome little chap is full of beans. He loves to be around people and has lived with children in a previous home. Beano is looking for an active family who can accommodate his bouncy personality.

Hoolie

2 ¾ year old, neutered male Lurcher.

Hoolie came into our care as an unwanted pet via a veterinary surgery. Although he is an active boy, he also likes his home comforts and in true Lurcher style he loves to snooze on a soft bed. After a good run there is nothing he likes more than stretching out and watching the world go by. He loves to be around people and will need an experienced home without young children or cats.

Tanner

4 month old, male Spaniel x

This adorable pup will bring a lifetime of love and happiness into your home. Tanner is friendly and intelligent. Once trained this playful boy will be a very loyal and joyful companion.

Swift

6 year old, female Greyhound.

This beautiful girl arrived at the Centre in a very sorry state. She had sores all over her legs and body, it was obvious to see that she had been through a rough time and it transpired that she has been used for racing in her past. Even though she is still very fast, she now prefers to play with her toys and indulge in a good cuddle. It is unknown if Swift has been spayed, if not this will need to be done after a season.

Some of our *Rabbits* looking for homes

Hazel & Blitzen

5 year old, spayed female & **8 year old**, neutered male.

In need of an experienced home to enjoy their senior years. Hazel is gentle and easy to handle. Blitzen can be quite feisty. A combination of sweet and spirited, they make the perfect duo.

Calista & Kinny

Approx. 1 year old, spayed female & neutered male Lops.

This gorgeous pair found themselves dumped in a cardboard box and exposed to the elements. They are very affectionate towards one another, and both are friendly with people. A perfect match for owners who like to interact with their bunnies.

Honey

5 year old, spayed female

Continental Giant. Darling Honey sadly lost her mate this summer and is now looking for a new companion of a similar size. She is independent and can be reserved at times, but this gorgeous girl is so deserving of a caring home.

Pippa

Age unknown, spayed female.

Admitted in a very sorry state, thin and withdrawn. After a thorough health check and some well-deserved TLC, she gained weight and confidence, now spayed, she is ready to face a brighter future in a home of her own.

Special Appeal for *Oscar*

Oscar is a 4 year old neutered, microchipped, and vaccinated male. This handsome boy has been waiting some time now to be offered somewhere to call home.

He is so desperate to share his life with someone who will love him, and he has an abundance of love to give to that special person too. He is a very happy go lucky boy, very chatty, and just a good all-rounder. He is a diabetic and is on a liquid medication which is added to his food once a day.

If you think you could be the one Oscar has been waiting for, please do get in touch to register.
