From Struggle to Strength for Finley

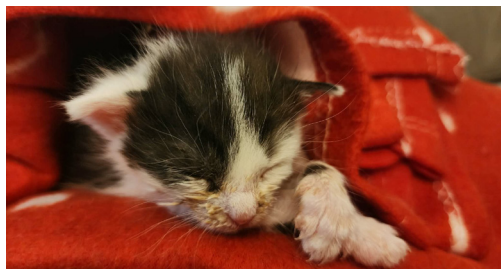

Finley came in at just 2 days old he was found all alone in an outhouse in someone's garden. After careful watching and no signs of mum around, he was brought into our care for hand rearing.

Unfortunately, during that time Finley took a turn for the worse and he was rushed to the vets as an emergency, where they put him on intense fluid therapy. This helped a little although it was touch and go as he refused to be hand fed from them. He was returned to the Centre into the care of our senior cattery staff member Linds, and he took the offered bottle from her straight away.

There was to be no sleep for Linds that night as little Finley needed comfort and constant close contact, needing to be snuggled up on her and being fed little and often into the wee small hours.

There was elation when Finley started to turn a corner, becoming stronger every day that passed but it was also tinged with a worry that he may have some kidney damage from what he had been through. As fortune would have it he got a clean bill of health from his veterinary check.

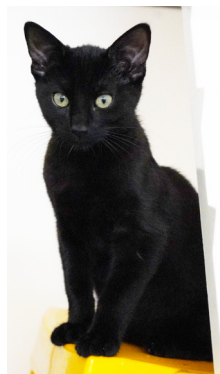

We are all so pleased that Finley is now in his forever loving home with a family who adore him and he even has a dog for a companion.

Kittens

We have a large number of kittens looking for their forever homes. 4 month old male & females.

All neutered, vaccinated & microchipped. Homing will be in pairs.

Special Appeal Buddy

I'm Buddy a 7 year old male neutered Cockapoo and I'm ready for a fresh start. My Dad died, so I was taken into the Rescue Centre's care. It didn't take long for me to find my new home, but I have a few quirks which made living with me tricky, so I was returned to the Centre.

You see I love my treasures, socks, towels, you name it I'm a collector of goodies. When people try to take my treasures from me, I get possessive and sometimes I get snappy, they say I can be quite scary when that happens.

What I need is a firm, experienced home, a family who can manage my behaviour with kindness and patience. I'm also scared of other dogs so I need to be the only pet, preferably somewhere rural where I can feel less anxious, as I can get very vocal and defensive.

Last year I had to have an operation to save my life, I ate a piece of towel, and it got stuck in my tummy. The vet thinks I may have done this sort of thing before as I have a scar from a previous operation. I'm in need of a tidy environment so that I don't get into that sort of trouble.

I'm a bit of a mischief maker, but with the right, steady family, I promise I can be a very loyal companion to you.

If you would like to know more about me, please call the Rescue Centre for a chat with one of my friends. They say I am such a lovely boy, cute and adorable and I'm so much fun to be around, they love me warts and all! If you think you could love me and we can work on my quirks together, please get in touch.

Permanent Foster home required Dutch

10 year old, neutered male German Shepherd.

This dignified and majestic gentleman is seeking a permanent foster home. Like many German Shepherds he faces hip issues but with monthly injections, which would be fully covered by the Trust, he is able to stay agile and pain-free. Dutch is incredibly affectionate, and his greatest joy is being surrounded by people. Could you give him his next chapter of love?

Some of our Feline friends looking for homes

All neutered, vaccinated & microchipped.

▶ Mabel

6 year old, female.

Mabel came to us after her owner died. She is very shy and still adjusting but loving when she knows you. She loves looking out of the window watching the world go by. Mabel needs to be the only cat in the household.

Riley ▲

18 month old, female.

After being handed in to vets in London with kittens and the kittens all being homed Riley came into our care. She is very affectionate but not keen on other cats, so she needs to be the only cat in the household.

Devon & Jesse ▼

4½ month old, sisters.

These two were shy when they came in but are now very playful. To be homed together.

Sylvester ▶

Approx. 6 year old, male.

A lovable cat that loves nothing more, apart from food, than to lounge around. A big softy, very friendly and affectionate. He loves his food so much he's not prepared to share, so needs to be the only cat in the household.

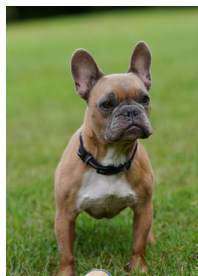

Echo & Jellybean ▶

Approx. 2 year old, & 1 year old, females.

Echo is a little reserved until she knows you, Jellybean is curious and playful. These two are very bonded and are looking for a home together.

Some of our Canine friends looking for homes

◀ Maisie & Monkey

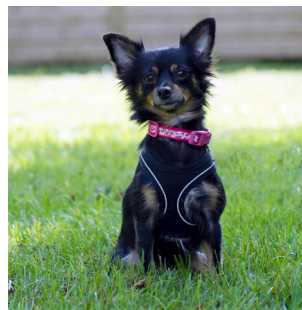

13 year old, spayed female Staffy X & 7 year old, neutered male French Bulldog.

These two came into our care after their owner died. Monkey is sweet, playful, and affectionate. Maisie is affectionate, with so much love to give and is desperately seeking stability. She's excitable and doesn't act her age as she is still adjusting to the changes in her life. They are looking for a loving home together.

Mitzi ▶

2 year old, spayed female Chihuahua.

Mitzi is a pocket-sized bundle of absolute joy; bursting with playful energy and will make the most loving companion. She adores other dogs so if there is already an existing dog in the new home it would need to be a settled one. Mitzi still lacks in confidence in new situations but is ready to bring her charm and fun into your life.

◀ Teela

1 year old female Lab x Staffy.

Teela is looking for a patient and understanding home. In new situations she can be unsure and walks can feel scary, for this reason we are looking for a home that already has a dog in the family to help her gain confidence. Teela will need time, patience and with gentle guidance she will be a loving companion to you. To be spayed in October.

Loki ▶

2 year old neutered male Spitz.

Loki is an energetic and playful boy. He loves his adventures but also appreciates the quiet moments in life. He can be vocal towards other dogs, this can be a trait of the breed, his appears to stem from uncertainty and fear of their intentions. Due to anxiety, he can be reactive, but this doesn't define him. He has a heart of gold and just needs a patient home that can help him overcome his anxiety and help him grow in confidence.

Some of our Rabbits & Guinea Pigs looking for homes

◀ Elmo & Oscar

18 month old, neutered male Abyssinians.

These two boys were abandoned by their original owner and brought to us by a friend. Elmo can be a bit scatty and keeps himself to himself whereas Oscar is very curious and comes to say hello.

▲ Benjamin & Peter

18 month old, neutered males.

This curious, friendly pair were brought in due to their owners down-sizing. Peter is slightly more independent and has a great love for food. Nonetheless, when it comes to eating, they will happily eat out of the same bowl at the same time. Benjamin is a gentle soul. Both are inquisitive and nice natured.

They are seeking a home together as a bonded pair.

▶ Blitzen

10 year old, neutered male Lionhead.

After his long-term companion died, this feisty rabbit is on the lookout for a calm, confident female rabbit to share his senior years with. He has attitude and sass which keeps you on your toes, but we all love and adore him for his character. Could you be the home to manage his spark.

◀ Sid & Mickey

18 month old, neutered male American Crested and 10 month old neutered male American Crested.

This father and son duo came into our care as the owners were unable to keep them. Both are nice natured but will need bringing on as can be nervous when being handled.

▶ Victor

Young adult neutered male Rex.

Found as a stray. Sadly, on arrival he was struggling with pododermatitis, (painful inflammation and ulceration on the skin on the bottom of the feet) likely due to unsuitable housing. Now on the road to recovery, he is searching for a Rex rabbit experienced home. Although his sore paws are healing, with patience and the right environment, he's expected to make a full recovery and become a wonderful companion.

▶ Bella & Atari

7 year old, spayed female mini Dwarf Lop & 3 year old, neutered male Lionhead.

This devoted pair came into our care due to a change in their owner's circumstances.

Bella is very gentle and Atari is a charming fellow. They are deeply bonded so are looking for a home together.
