Maths Lesson - Column addition and subtraction (no carrying)

LO: To use the written method for addition and subtraction

Good morning, Molly.

Today we will be looking at the formal method for adding and subtracting numbers within 1000.

Here is a recap of our lesson today to help remind you how to add and subtract 3 digit

numbers using the formal method

Remember to start with the ones column

Add the 2 and 7

Then move to the tens column

Add the 4 and 2

Finally move to the hundreds column

Add the 3 and 1

	H	T	O
	3	4	2
+	1	2	7
	4	6	9

	H	T	O
	8	6	7
-	3	4	1
	5	2	6

Remember to start with the ones column

Subtract the 1 from the 7

Then move to the tens column

Subtract the 4 from the 6

Finally move to the hundreds column

Subtract the 3 from the 8

Today's task:

Turn to page 135 of your maths text book (found in your starter pack). Complete as much as you can working through A, B and C.
