LO - I can make justified inferences

Following on from the video lesson this morning, your task is to make inferences based on the book, *Ocean Meets Sky*.

Remember when we make inferences, we read between the lines and use clues from a text/ illustration to identify a person's feelings, thoughts and motives.

Think about how you think Finn is feeling on these pages of the book. Write your thoughts and reasons why you think this in your English book. Use the feelings word bank to help you.

E.g. Finn might be thinking, I wish my grandfather was still here, because he wants to go on an adventure with him.
