## GLUTEN FREE INFORMATION

ABOUT	We are proud to provide our customers a high-quality, house-made, gluten-free dough alternative. However, this being a pizza restaurant, we would never guarantee 100% gluten-free, although we do our best to limit contamination. Our gluten-free pizza is intended for "gluten sensitive" customers or those choosing to limit gluten in their diet.
PREPERATION	We shape our GF dough in a separate section of the kitchen from our other pizzas. We top the pizzas on peels that are only used for GF pizza. We do, however, top our pizzas using ingredients from the same line as our other pizzas. <b><u>CONTAMINATION IS POSSIBLE</u></b>
INGREDIENTS	Gluten free wheat starch, dextrose, corn starch, buckwheat flour, rice starch, vegetable fibers, guar (Cross contamination: Milk & Sesame)
