## How Spa's & Wellness Centers Are Getting SALTED

Dear Salt+Wellness Innovator,

Welcome to "Experience SALT+", where we're revolutionizing the landscape of salt therapy and holistic wellness. As you explore this catalog, prepare to discover how salt therapy, also known as halotherapy, has transformed into a cutting-edge, multi-sensory experience.

*At SALT Chamber, we've elevated the traditional concept of salt rooms, salt caves, and SALT booths to new heights.*

Our immersive environments seamlessly blend salt therapy with a spectrum of complementary modalities, creating unparalleled wellness experiences.

Picture yourself breathing in salt-enriched air while basking in the soothing vibrations of sound therapy and the calming glow of color therapy lights. Imagine reclining on a heated chair, guided through a journey of breathwork and mindfulness, or benefiting from compression therapy and revitalizing red light.

This is the essence of "layering" – multiple therapies working in harmony to enhance your well-being.

We've also pioneered the concept of "stacking" – strategically sequencing salt therapy with other treatments to maximize their collective benefits. From traditional and infrared saunas to cold therapies like cryotherapy, plunge pools, and snow rooms, we've developed various rituals to create comprehensive wellness experiences. By incorporating IV treatments and energy therapies, we're crafting customized wellness journeys that engage all senses and promote deep relaxation.

As SALT+Wellness consultants, we've meticulously curated this evolving catalog. Every product and piece of equipment has undergone rigorous testing and vetting. Our partnerships with industry leaders ensure we bring you the best in wellness technology and methodology.

Our recommendations stem from proven results and a deep understanding of how these modalities can enhance your guests' experiences while boosting your bottom line.

Whether you're a spa owner, wellness practitioner, or health-conscious individual, this catalog is your gateway to the future of wellness. We offer solutions for every scale and budget, always focusing on maximizing your return on investment.

As you peruse these pages, envision the transformative experiences you can create. From salt room basics to advanced integrated systems, each item represents an opportunity to enhance well-being and distinguish yourself in a competitive market.

We're committed to supporting you every step of the way – from selection to implementation, and beyond. Welcome to the next level of wellness. Welcome to Experience SALT+.

Breathe easy, live well,

**Leo Tonkin**  
Founder and CEO  
SALT Chamber

# WELLNESS SUITE™ & BOOTH™

Introducing The Wellness Suite™ and Booth™, the latest addition to **SALT Chamber's** innovative line of salt/halotherapy products. As the pioneers of salt therapy, we take pride in creating a new multisensory wellness experience that is second to none.

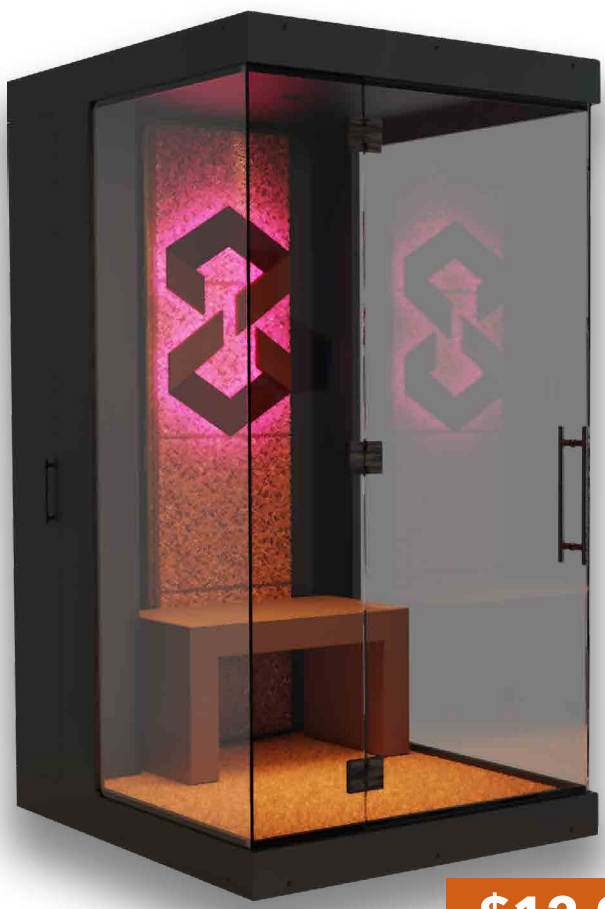

Immerse yourself in nature as The Wellness Suite™ and Booth™ engages all of your senses. At its core is the Multi **SALT FX™** Halogenerator, which disperses a very fine dry salt aerosol for unparalleled respiratory and skin wellness. The interior boasts several design elements crafted with Himalayan salt to create a truly relaxing, ambient environment. With added color therapy, every detail is designed to enhance the overall experience.

The Wellness Suite™ can be exceptionally complemented with Oakworks® Curva Lounger with SoVi Vibroacoustic System, which combines soothing and healing vibrations to engage every one of your senses. Together, they create a fully immersive experience that transcends traditional wellness practices.

Modularity is at the forefront of the designs, allowing you to customize the décor, seating, and floor options to suit your individual preferences. You can even incorporate other complementary modalities for a truly bespoke experience.

**Experience the pinnacle of luxury wellness with The Wellness Suite™ by SALT Chamber.**

## The Wellness BOOTH™

**\$12,995**

Includes the SALT FX™ Multi Halogenerator (a \$5,495 value)

# AERO SALT & SAUNA BOOTHS

**S**ALT Chamber, the pioneer that introduced the original SALT Booth twelve years ago, is proud to present our latest innovation: the **Aero SALT** and **Sauna Booths**. These booths represent the pinnacle of affordable, professional-grade salt therapy and sauna experiences, designed to fit seamlessly together or separately, into any setting, from small businesses and the corporate workplace to community developments and home wellness spaces including Airbnb, vrbo and other rental properties.

## THE POWER OF SEPARATE THERAPIES

*By keeping salt therapy and sauna separate, we maximize benefits & business potential:*

- ❑ Dry salt therapy is most effective on dry, receptive skin, not sweat covered skin
- ❑ Avoid interference of moisture in salt therapy sessions
- ❑ Increased customer capacity: serve up to 6 customers per hour instead of 2
- ❑ Enhanced flexibility in session scheduling and pricing

By choosing the **Aero SALT** and **Sauna Booths**, you're not just investing in state-of-the-art Wellness technology; you're enhancing your customers' wellness journey and maximizing your business potential. Experience the future of wellness with **Aero SALT** and **Sauna Booths** – where quality meets affordability, and innovation meets practicality.

## AERO SALT BOOTH®

# HealthyLine PEMF SYSTEM

HealthyLine combines heated natural gemstone therapy with FDA-approved technologies to enhance physical, mental, and spiritual well-being—allowing you to find healing anywhere.

If cells were a battery, PEMF therapy would be the charger, enhancing our bodies' overall functioning at a cellular level. PEMF involves sending energy waves towards pained areas of the body. The waves pass through completely and increase the spin of the electrons, ultimately stimulating and exercising the body's cells. As a result, wellness levels are improved, and the body may function more efficiently.

## HEALING BENEFITS OF PEMF

- ☐ Increases local circulation
- ☐ Offers inflammation control
- ☐ Alleviates muscle and joint pain
- ☐ Helps with arthritis and stiffness
- ☐ Relieves symptoms of depression
- ☐ May increase range of motion
- ☐ Reduces migraines
- ☐ Accelerates efforts to restore non-union

### fractures

Lorem Ipsum texts for replacement a battery, PEMF therapy would be the charger, enhancing our bodies' overall functioning at a cellular level. Lorem Ipsum involves sending energy waves towards pained areas of the body. The waves pass through completely and increase the spin of the electrons, ultimately stimulating and exercising the body's cells. As a result, wellness levels are improved, and the body may function more efficiently.

# HYPERICE RECOVERY

**H**yperice connects the innovation of technology to the art of movement. Their innovative products are meticulously crafted to cater to the needs of athletes, fitness enthusiasts, and individuals seeking to optimize their overall well-being. From vibration therapy devices to heat therapy solutions and dynamic movement systems, Hyperice offers a diverse range of tools designed to enhance performance, accelerate recovery, and improve muscle health.

### KEY APPLICATIONS FOR HYPERICE PRODUCTS:

- ❑ **Fitness Centers and Gyms:** Enhance member experience with pre-workout warm-ups, post-workout recovery, and muscle care.
- ❑ **Physical Therapy Clinics:** Aid in rehabilitation and pain management for patients.
- ❑ **Sports Training Facilities:** Elevate performance and expedite recovery for athletes.
- ❑ **Corporate Wellness Centers:** Promote employee well-being and reduce stress.
- ❑ **Spas and Wellness Centers:** Offer additional therapeutic benefits and attract health-conscious clients.
- ❑ **Hotels and Resorts:** Enhance guest experience with in-room amenities.
- ❑ **Chiropractic Offices:** Complement treatments and provide additional pain relief options.
- ❑ **Yoga and Pilates Studios:** Improve muscle recovery and flexibility.
- ❑ **Universities and College Athletic Departments:** Support student-athlete performance and recovery.
- ❑ **Rehabilitation Centers:** Assist patients in their recovery journeys.

Incorporating Hyperice technology into various settings, from fitness centers to rehabilitation facilities, can significantly enhance the services offered and provide individuals with the tools they need to achieve optimal health and performance. By investing in Hyperice products, businesses can create a more holistic and effective approach to wellness and recovery.
