Education

ArtCenter College of Design

Pasadena, California | 2021–2025
Bachelor of Science in Product Design

Coursework: Sponsored Studio – DiDi

May – Aug | 2024

Part of a team to create the next generation robo-taxi.

I was involved in transportation design, UI/UX design, human factors, market research, sketching, 3D modelling, 3D rendering, presentation, and VR experience.

Coursework: Sponsored Studio – Purina: Fancy Feast

Jan – Apr | 2024

Part of a team to create a new on-brand publicity experience.

Involved in spatial design, experience design, branding strategy, spatial visualization, market research, presentation, prototyping, and model making.

Experience

Industrial Design Intern | Lenovo, Beijing, China | 2025

Worked as part of a DIT (Design Innovation Technology) team to develop ideas for new products and accessories. Worked on multiple projects within two months, and participated in cross-department communications.

Volunteer Educator | Online Program, China | 2020

Volunteered to educate migrant kids in China who did not have access to public education. Responsibilities included preparing materials and presenting to a group of migrant children, answering questions, and teaching.

Waiter | Makye Ame, Beijing, China | 2018

Part of the wait staff at a medium sized Tibetan restaurant. Responsibilities included customer service and sanitation.
