

**Education****Carnegie Mellon University**

Pittsburgh, PA / Aug 2023 - May 2027

Bachelor of Design

Minor in Human-Computer Interaction (HCI)

**Experience*****Designer and Illustrator, NerveNet***

Jan 2025 - Now

- Develop the visual identity for NerveNet, a neural engineering education startup
- Create informational illustrations to simplify and communicate complex neural engineering concepts
- Design informative and approachable slide deck layouts that integrate custom illustrations
- Design and build a website that guides users through NerveNet's mission and makes course registration easy and intuitive

***Game Artist and Animator, CMU Center for Transformational Play***

Jan 2025 - May 2025

- Brainstorm and iterate on game mechanics to help middle school students learn and build habits of self regulation through in-game teaching
- Lead sub-teams to develop digital prototypes for play testing
- Decide art direction and create concept illustrations to pitch to game testers and target users

***Design Team, Carnegie Mellon Racing***

Jan 2024 - Jan 2025

- Collaborated with a small team of designers to conceptualize, draft, and apply the livery and sponsor placement for 24E and 22A, Carnegie Mellon Racing's two student-built Formula 1-style race cars of 2024
- Worked alongside structures, energetics, and driverless subteams to gauge the feasibility of our design iterations
- Designed recruitment, crowdfunding, promotional, and merchandise material for the Marketing & Outreach team

***Co-President, Art Club***

Aug 2022 - May 2023

- Led the design team to create the school's first large-scale mural over six weeks
- Organized and hosted live drawing sessions and speaker events, increasing club engagement across the student body
- Designed promotional posters for the 2022 Artist in Residency, driving campus involvement for the 12-week duration of residency

***Illustrator and Author, Birdie***

Jan 2022 - Oct 2022

- Wrote and illustrated an original picture book Birdie, a passion project aimed to aid young children with anxiety
- Designed promotional posters and sold copies at a local event, achieving 100+ copies and donating the profits to the local children's hospital
