

VILEX Ankle Fracture Fixation

ALPHALOK™ ANKLEFX

CASE STUDY

Pre-Op

Patient presents with SAD Ankle Fracture with marginal tibial impaction.

Dr. Spencer Monaco
DPM, FACFAS

Kennett Square, PA

Dr. Spencer Monaco, DPM, FACFAS, is a paid consultant for Vilex, LLC. Vilex provided financial support for this case study.

These results are specific to this individual only. Individual results and activity levels after surgery vary and depend on many factors including age, weight, and prior activity levels. There are risks and recovery times associated with surgery, and there are certain individuals who should not undergo surgery.

This case study is a publication of Vilex, LLC.

Post-Op

Hockey Stick Anteromedial Approach with Medial Antiglides Plate. Lateral Approach with Anterior Lateral Plate.
