COVID

Operational requirements at time of going to press:

- a) *Beginner Schools must operate in a separate bubble from Members/SLs. Beginners will be allocated a time slot between 8-9.30/10 a.m. on designated days. The time slot will vary depending on numbers.*
- b) *All riders **must** register to ride through the website on any given day. There is a maximum of 50 riders permitted during Member/SL riding time.*
- c) *Draws will be created for every event, whether Practice or Race and posted on the website the day before.*
- d) *Please check the times allocated for riding and do not arrive at the Clubhouse beforehand.*
- e) *All riders must check in with their smartphones on the QR code on entry to the Clubhouse.*
- f) *Riders may scratch 24 hours before an event in which they are registered, which opens a slot for another rider. You must still scratch after this point, but unfortunately, owing to the reduced capacity, you will be charged for 3 rides.*
- g) *It is obligatory to wear a mask at all times when moving around the Clubhouse.*
