Dear James,

Thank you so much for your very kind letter of condolence. Your thoughtfulness is deeply touching and means a great deal to us at this time.

The Duke of Edinburgh was one of a kind. While he obviously means so much to us, our family and especially The Queen in so many ways, it is wonderfully reassuring to know that you, among many, are able to appreciate a little of what he was like and, more importantly, what we will all miss.

Yet another connection and association. How intriguing that he gave his name to a trophy that he presumably never presented!

Yours sincerely,

 &   
TRH The Earl and Countess of Wessex and Forfar
