Owen Senior

Owen Senior is the Chief Product and Technology Officer at Shippit, where he leads the company's technology function and oversees product, engineering, design and data.

With more than two decades of experience in global SaaS and technology leadership, Owen brings deep expertise in product strategy, engineering architecture and scaling high-performing teams. Prior to Shippit, Owen held senior product and technology positions at logistics platform WiseTech Global, M&A systems provider Ansarada, global recruitment platform JobAdder, and healthtech provider Lumary, helping scale globally successful SaaS businesses through periods of rapid growth and product expansion.

Owen has partnered closely with commercial and customer teams to build scalable platforms and deliver high-impact products. He is passionate about building great teams, creating products customers love and helping technology businesses grow.
