

RESILIENT COMMUNITIES START HERE INFRASTRUCTURE WITHOUT BUDGET BATTLES

SAVE MONEY | SERVE BETTER | BUILD RESILIENCE

GRP | WEGMAN understands the unique challenges facing local governments: aging infrastructure, limited budgets, and the need to serve citizens reliably every single day. For over 70 years, we've partnered with cities, towns, and counties to modernize critical infrastructure while maintaining transparent communication with officials and staff.

MODERNIZE MUNICIPAL FACILITIES

BUILDING MODERNIZATION

- City buildings, administrative centers, community & senior facilities
- Energy efficiency, accessibility compliance, & operational improvements
- Public spaces modernized with minimal disruption to services

ELECTRICAL INFRASTRUCTURE

- Panel replacements & distribution system upgrades
- Backup power systems keeping critical facilities operational
- EV charging infrastructure for municipal fleets & public use
- Complete electrical compliance for all city operations

INTERIOR & EXTERIOR LIGHTING SOLUTIONS

- LED retrofits for buildings, parking facilities, streetlights, & parks
- Improved visibility & safety with reduced maintenance frequency
- Enhanced community aesthetics at lower municipal utility cost

STRENGTHEN CRITICAL SYSTEMS

WATER & WASTEWATER UPGRADES

- Treatment plant upgrades & distribution system improvements
- Advanced metering infrastructure (AMI) & leak detection
- Pump station optimization & regulatory compliance solutions
- Reduced water loss & improved system reliability

RENEWABLE ENERGY & MICROGRIDS

- Municipal-scale solar, geothermal, & battery energy storage
- Microgrid development turning your city from consumer to producer
- Energy resilience during grid disruptions & emergencies

FINANCING SOLUTIONS

- Zero capital outlay options let you fund critical system upgrades without upfront capital or added debt
- Performance-backed guarantees let you count on projected savings, with a commitment to make it right if a project falls short
- Budget-neutral modernization lets you strengthen critical infrastructure while keeping rates stable

WHY MUNICIPALITIES CHOOSE US

SINGLE POINT OF CONTACT

- One integrated team from consultation through completion
- Design-build approach eliminating disconnects between design and execution

FLEXIBLE FUNDING SOLUTIONS

- Innovative procurement & financing, including zero capital outlay options
- Energy savings projections backed by a comprehensive financial guarantee

CRITICAL FACILITY EXPERTISE

- Public safety buildings, correctional facilities, & mission-critical assets
- Transparent communication with officials, staff, residents, & stakeholders

THE ADVANTAGE

- Modernize critical systems without competing for scarce capital dollars
- Lower operating costs, insulating budgets from rate increases
- Better, more comfortable facilities for officials and staff
